Product Description

Rotatable Hexagon Gift Box with 6 Drawers, Custom Printed Rigid Box for Cosmetic Gift Set

Product Description

The **Rotatable Hexagon Gift Box with 6 Drawers** is an innovative and luxurious packaging solution designed to create a memorable unboxing experience. Featuring a unique rotating mechanism, the small hexagonal component on top acts as the driving structure. Simply rotate the top section, and all six individual drawers underneath slide outward simultaneously, revealing the contents in an eye-catching and interactive way.

This creative hexagon rigid gift box is ideal for cosmetic gift sets, skincare collections, fragrance samples, beauty products, candles, and premium promotional gifts. Its distinctive rotating design makes it an excellent choice for brands looking to elevate product presentation and create a lasting impression.

The outer box is constructed from 1500gsm rigid greyboard wrapped in 157gsm coated art paper, while the six individual drawers are made from 1000gsm rigid greyboard wrapped in 157gsm coated paper. The current sample features an elegant all-white interior and exterior, offering a clean and minimalist appearance.

We provide comprehensive OEM and ODM customization services, allowing you to customize the box dimensions, colors, printed artwork, and brand logo. Additional finishing options include hot foil stamping, spot UV, embossing, debossing, matte lamination, and gloss lamination.

Whether you are developing luxury skincare packaging, cosmetic gift boxes, or premium fragrance collections, this custom rotating hexagon gift box combines creative functionality, durable construction, and sophisticated presentation.

Key Features & Benefits

1. Innovative Rotating Mechanism — Unique Interactive Unboxing

The specially designed rotating top activates all six drawers simultaneously. This creative opening mechanism transforms ordinary packaging into an engaging presentation experience, helping brands create a memorable first impression.

2. Six Independent Drawers — Organized Multi-Product Packaging

The hexagonal structure features six individual drawers, providing separate compartments for different products. It is ideal for skincare collections, fragrance discovery sets, cosmetic samples, and beauty gift assortments.

3. Premium Rigid Board Construction — Strong & Durable Protection

The outer structure uses 1500gsm rigid greyboard, while each drawer is made from 1000gsm rigid greyboard. This sturdy construction provides excellent structural support and helps protect packaged products during storage, handling, and transportation.

4. Fully Customizable Printing — Build Your Brand Identity

Customize the box with your brand colors, logo, patterns, and promotional artwork. We support CMYK printing, Pantone colors, and various decorative finishes to create packaging that matches your brand positioning.

5. Luxury Surface Finishing — Enhance Shelf Appeal

Choose from hot foil stamping, embossing, debossing, spot UV, matte lamination, or gloss lamination. These finishing options add visual depth and texture, making the packaging more attractive for premium retail and gifting applications.

Application Scenarios & Customer Solutions

Application Scenario	Customer's Main Concern	Our Manufacturing Solution
Skincare Gift Sets	Need to package multiple skincare products in one box	Six independent drawers provide organized storage for different skincare items
Cosmetic Gift Collections	Want distinctive packaging to attract customers	Rotating hexagon structure creates a unique and interactive unboxing experience
Fragrance Discovery Sets	Need separate spaces for fragrance samples	Individual drawers allow different fragrances to be displayed separately
Beauty Advent Gift Sets	Want creative packaging for promotional collections	Six drawers can accommodate a selection of small beauty products
Corporate Promotional Gifts	Need premium packaging with strong brand recognition	Custom printing, logo hot stamping, and embossing enhance brand visibility
Luxury Holiday Gifts	Want packaging that looks impressive and memorable	Rigid construction and customized decorative finishes create a premium presentation

How to Customize Your Rotatable Hexagon Gift Box

We provide a complete custom packaging service, from initial structural design to sample development and mass production.

Customization Steps	Process Description	Customer Requirements
Step 1: Share Your Requirements	Discuss the box structure, dimensions, product application, and order quantity	Product dimensions, estimated quantity, reference images
Step 2: Confirm Structure & Design	Develop the hexagonal structure and confirm the six-drawer rotating mechanism	Structural preferences, design references
Step 3: Select Materials & Finishing	Choose rigid board thickness, wrapping paper, printing methods, and decorative finishes	Material preferences, brand colors, logo artwork
Step 4: Artwork & Design Confirmation	Prepare the customized packaging artwork and confirm printing details	AI, PDF, or other available design files
Step 5: Sample Production	Produce a physical sample to check dimensions, appearance, drawer movement, and rotating function	Approved structural and artwork details
Step 6: Sample Approval	Review the sample and confirm whether any adjustments are needed	Sample feedback and final approval
Step 7: Mass Production	Manufacture the bulk order according to the approved sample and specifications	Confirmed purchase order and production details
Step 8: Quality Inspection & Shipping	Inspect finished products, arrange protective packaging, and ship the order	Shipping address and delivery requirements

Customization Options Include:

- Box size and overall hexagonal dimensions
- Six drawer dimensions and configurations
- Custom brand colors and printed artwork
- CMYK and Pantone color printing
- Hot foil stamping in gold, silver, and other colors
- Embossing and debossing
- Spot UV and matte or gloss lamination
- Customized interior inserts and product holders

Shipping & Delivery

We offer flexible international shipping solutions for custom rigid gift boxes, helping overseas customers choose suitable transportation methods according to their order quantity, budget, and delivery schedule.

Shipping Method	Suitable For	Advantages
Express Shipping (DHL / FedEx / UPS)	Samples and small orders	Fast delivery with door-to-door service
Air Freight	Medium-sized orders	Faster transportation than sea freight
Sea Freight	Large-volume bulk orders	Cost-effective for large shipments
Rail Freight	Selected international destinations	An alternative transportation option for certain markets

Packaging Protection

Each rigid gift box is carefully packed to minimize scratches, deformation, and damage during handling and transportation. Appropriate export cartons and protective packaging materials are selected according to the product structure and shipping requirements.

Production & Delivery Time

Sample production and bulk production lead times depend on the box structure, customization requirements, order quantity, and finishing processes. The estimated schedule will be confirmed before order placement.

Frequently Asked Questions (FAQ)

Q1: Can I customize the size of the rotating hexagon gift box?

Yes. We provide fully customized dimensions based on your products and packaging requirements. Both the overall hexagonal structure and the six individual drawer dimensions can be adjusted to accommodate different cosmetic, skincare, and fragrance products.

Q2: Can the six drawers be customized with different colors or designs?

Yes. The outer box and individual drawers can be customized with different colors, printed patterns, brand logos, and decorative finishes according to your brand identity.

Q3: Can you add our company logo to the gift box?

Absolutely. We support custom logo printing, hot foil stamping, embossing, debossing, and spot UV. These finishing options help enhance brand recognition and create a premium packaging appearance.

Q4: Does the rotating mechanism really open all six drawers simultaneously?

Yes. The top hexagonal component is designed as a rotating driving structure. When rotated, it activates the mechanism to move all six drawers outward simultaneously, creating a distinctive interactive opening experience.

Q5: What materials are used to manufacture this rigid gift box?

The outer box is made from 1500gsm rigid greyboard wrapped in 157gsm coated art paper. The six drawers are made from 1000gsm rigid greyboard wrapped in 157gsm coated paper. Other materials and wrapping paper options can be discussed for customized projects.

Q6: Can I request a physical sample before placing a bulk order?

Yes. We recommend producing a pre-production sample so you can evaluate the structure, rotating mechanism, drawer movement, material quality, printing colors, and surface finishing before mass production.

Q7: What is your minimum order quantity (MOQ)?

MOQ depends on the box dimensions, structure, materials, and customization requirements. Please contact us with your project details, and we will provide a suitable quotation based on your order quantity.

Q8: Can you manufacture the packaging according to our own design?

Yes. We provide OEM and ODM packaging services. You can send us your artwork, logo, product dimensions, sketches, or reference samples. Our team can help develop a customized packaging solution based on your requirements.

Q9: Is this rotating rigid box suitable for shipping cosmetic products?

Yes. Its rigid board construction provides structural support for packaged products. For fragile or delicate items, we can also develop customized internal inserts to improve product positioning and protection during transportation.

Q10: Do you provide international shipping?

Yes. We support international shipments by express courier, air freight, sea freight, and selected rail freight services. The most suitable shipping solution depends on your destination, order volume, and delivery schedule.
