Product Description

Luxury Skincare Gift Box with Inside White Printing

Product Overview

Premium book-style flip rigid gift box featuring built-in invisible magnetic closure. This integrated one-piece folding structure provides tight, stable automatic box locking with smooth opening and closing for a luxury unboxing experience. Features multi-layer custom printing including black-and-white vertical stripes on the exterior, retro illustration printing on the inner lid, and full vintage floral patterns on the inner base.

Custom paper dividers, EVA foam, or flocked inner liners available to perfectly fit skincare sets, cosmetic kits, fragrance collections, and beauty gift bundles. Ideal for brand skincare gift packaging, retail display, cross-border cosmetic sets, holiday gifts, and VIP member premium gifts.

Material & Printing Performance

Constructed with thickened high-density rigid cardboard framework ensuring outstanding stiffness and flatness. Resists deformation, bending, and crushing even during long-term stacked storage. Outer surface features premium art paper with accurate CMYK full-color printing.

Outer stripes, inner floral patterns, and inner lid artwork can be fully customized independently. Optional upgrades include hot stamping, spot UV, emboss and deboss crafts to create unique high-end packaging for skincare, cosmetic and fragrance brands.

Core Features

Hidden Magnetic Book-Style Closure

Embedded invisible strong magnet ensures automatic tight closure without accidental opening during shipping. Smooth flip design delivers elegant unboxing ritual, enhancing product grade and customer experience for high-end skincare gift sets.

Multi-Surface Independent Custom Printing

Three major printable areas including outer box, inner lid and inner base support separate personalized artwork. Custom vintage floral styles, stripe designs, illustrations and brand layouts help your beauty packaging stand out from market competitors.

Thick Rigid Cardboard Structure

Constructed with thick high-density rigid board support. Maintains perfect flatness, stiffness and angular integrity under long-term stacking. No corner collapse, bending or extrusion deformation.

Premium Art Paper & Luxury Crafts

High-grade art paper with excellent color reproduction for delicate full-color printing. Multiple optional surface finishes including matte/gloss lamination, gold/silver hot stamping, spot UV and embossing.

Fully Customizable Inner Layout

Supports custom paper partitions, molded EVA foam and soft flocked liner. Perfectly adaptable to lotion, cream, essence, full skincare sets, lipsticks, perfumes and multi-piece cosmetic kits.

Customer Solutions

Customer Concerns	Factory Solutions
Box lid opens accidentally during transit	Built-in hidden strong magnet ensures automatic tight locking, anti-loose and anti-opening
Homogeneous cosmetic packaging lacks competitiveness	Three-sided independent custom printing allows exclusive pattern, color and style customization
Rigid boxes deform after long stacking	Thickened high-density rigid cardboard framework provides strong compression resistance
Need one box to fit various skincare bottles	Custom adjustable inner partitions, EVA and flocked liners to fit different bottle sizes
Simple printing insufficient for luxury requirements	Support hot stamping, UV, emboss and lamination multi-process upgrades

Cross-border sellers need full brand customization	Full size customization + full-area logo and artwork printing to match brand VI system

Frequently Asked Questions

Q1: Can the magnetic strength be adjusted? Will magnets fall off easily?

A1: Magnet strength is customizable. Magnets are fixed by professional grooved embedding technology, firm and durable, no falling off during long transit and daily use.

Q2: Can the outer, inner lid and inner base print totally different patterns?

A2: Yes. Three printing areas support independent customized artwork, colors and text layouts for layered visual effects.

Q3: Can you customize the liner according to my skincare bottle shapes?

A3: Fully customizable. We tailor-make EVA or flocked foam grooves according to your bottle size, height and shape to fix products tightly and avoid collision.

Q4: Can I use my own original design artwork and brand logo?

A4: Absolutely. We accept AI, PDF, EPS vector files, support exclusive brand pattern, logo and color matching customization.

Q5: What is the MOQ? Can I get samples before bulk order?

A5: Flexible low MOQ for new brand trial orders. Custom pre-production samples are available. Sample cost can be refunded for large bulk orders.

Q6: How long are sample and mass production lead times?

A6: Sample lead time: 5-7 working days. Mass production lead time: 12-20 working days, depending on order quantity and craft complexity.

Q7: Are the materials eco-friendly for European and American export?

A7: Eco-friendly cardboard and soy-based ink are available, complying with international cosmetic packaging environmental standards for global export.
