Product Description

Custom Bath Sponge Packaging Box Folding Carton with Round Die-Cut Window Matte Lamination Cartoon Bunny Floral Print

Product Description

This custom bath sponge packaging box is designed for bath sponges, scented shower sponges, exfoliating bath accessories, and personal care products. Made from durable 350gsm white cardboard, it features a reverse tuck end (RTE) folding carton structure with a clean white interior.

The box features a soft yellow background printed with fresh floral elements, cute bunny illustrations, and customized brand information using high-quality CMYK offset printing. Matte lamination is applied to the entire exterior, creating a smooth, elegant finish while improving scratch and abrasion resistance. A round die-cut window on the side allows customers to see the bath sponge inside, making the packaging more attractive and product-focused.

With a flat-pack design, this folding carton helps reduce storage and shipping costs while allowing quick and easy assembly. We offer fully customized packaging solutions, including box dimensions, artwork, window shapes, printing colors, and premium finishing options such as hot foil stamping, embossing, and lamination.

Key Features & Benefits

1. Durable 350gsm Paperboard — Reliable Product Protection

Manufactured from 350gsm white cardboard, this folding carton provides reliable support and protection for bath sponges and lightweight personal care accessories. The sturdy paperboard construction helps maintain the box shape during storage, transportation, and retail display.

2. Round Die-Cut Window — Attractive Product Visibility

The round window on the side of the box allows customers to see the actual bath sponge without opening the packaging. This transparent product presentation helps build customer confidence and makes the packaging more appealing on retail shelves.

3. Soft Yellow Floral Artwork — Fresh & Eye-Catching Appearance

The soft yellow background, delicate floral patterns, and adorable bunny illustrations create a cheerful and natural visual identity. Custom CMYK offset printing ensures clear graphics, vibrant colors, and professional brand presentation.

4. Matte Lamination — Smooth Touch & Scratch Resistance

The exterior is finished with matte lamination, providing a refined, non-glossy appearance and a smooth tactile experience. It also helps protect printed graphics against everyday scratches, scuffs, and handling wear.

5. Reverse Tuck End Structure — Easy Assembly & Cost-Effective Shipping

The reverse tuck end design allows convenient opening and closing while keeping the product securely packaged. Supplied flat-packed, these cartons save storage space and reduce transportation volume. They are easy to assemble without complicated packaging procedures.

Packaging Applications & Customer Concerns

This custom printed bath sponge box is suitable for personal care brands, bath and body product manufacturers, beauty retailers, and gift set suppliers.

Application / Customer Concern	Our Packaging Solution
Bath sponge retail packaging	Custom-sized cartons provide a suitable fit for different sponge shapes and sizes.
Product visibility	A round die-cut window allows customers to view the actual product before purchasing.
Attractive shelf presentation	Soft yellow colors, floral illustrations, and customized branding create a friendly retail appearance.
Packaging durability	350gsm white cardboard provides reliable structural support for lightweight bath accessories.
Scratch-resistant printing	Matte lamination helps protect the printed surface during handling and transportation.
Storage and shipping costs	Flat-packed cartons reduce storage requirements and shipping volume.
Brand differentiation	Custom illustrations, window designs, printing colors, and finishing options help create distinctive packaging.
Seasonal or promotional packaging	Custom artwork and special finishes can be developed for holiday collections, promotional sets, and gift packaging.

How to Customize Your Bath Sponge Packaging Box

Our customization process is designed to make ordering custom paper packaging straightforward and efficient.

Step	Customization Process	What We Need From You
Step 1	Share Your Requirements	Provide product dimensions, box quantity, preferred material, and packaging requirements.
Step 2	Confirm Box Structure & Size	Our team recommends a suitable carton structure and confirms the dimensions.
Step 3	Artwork Design & Approval	Submit your print-ready artwork or let us assist with the packaging layout and dieline.
Step 4	Sample Production	Produce a physical sample for checking the structure, printing, window, and finishing details.
Step 5	Sample Confirmation	Review and approve the sample before mass production.
Step 6	Mass Production	Manufacture the cartons according to the approved specifications and quality requirements.
Step 7	Quality Inspection & Delivery	Inspect finished products, arrange packing, and ship the order to your destination.

Packaging, Shipping & Delivery

We provide suitable packing and shipping solutions for custom folding cartons to help protect products and optimize transportation costs.

Logistics Item	Description
Packaging Method	Flat-packed cartons bundled and packed in export-standard corrugated cartons
Outer Carton	Strong corrugated shipping cartons for protection during transportation
Storage	Flat-pack design saves warehouse space before assembly
Shipping Methods	Express Courier, Air Freight, Sea Freight, and Other Available Shipping Solutions
Express Shipping	Suitable for samples and small urgent orders
Air Freight	Suitable for medium-sized orders requiring faster delivery
Sea Freight	Cost-effective option for large-volume wholesale orders
Sample Lead Time	Approximately 3–5 working days, depending on specifications
Mass Production Lead Time	To be confirmed according to order quantity and production requirements
Shipping Time	Depends on destination, shipping method, and customs clearance

Note: Actual production and delivery schedules will be confirmed when the order details and shipping destination are finalized.

Frequently Asked Questions (FAQ)

Q1: Can I customize the size of the bath sponge packaging box?

Yes. We provide fully customized dimensions according to your bath sponge size and packaging requirements. Simply share your product measurements, and our team can recommend a suitable box size.

Q2: Can you make the round window in different shapes?

Yes. The window can be customized into round, oval, square, rectangular, or other special shapes. We can also adjust the window size and position according to your design.

Q3: Can you add transparent film to the window?

Yes. Optional PET transparent film can be applied behind the die-cut window to provide a protective barrier while maintaining product visibility.

Q4: Is 350gsm white cardboard strong enough for bath sponge packaging?

For most lightweight bath sponges and shower accessories, 350gsm white cardboard offers good stiffness and structural support. We can also recommend different paper thicknesses based on your product weight and packaging requirements.

Q5: Can I print my own logo and packaging artwork?

Absolutely. We support full customization, including brand logos, product information, illustrations, CMYK printing, and Pantone spot colors.

Q6: What surface finishing options are available?

Standard options include matte lamination and gloss lamination. For a more premium appearance, you can choose gold or silver foil stamping, embossing, debossing, and spot UV.

Q7: Do you provide samples before mass production?

Yes. We can arrange physical samples so you can evaluate the box dimensions, folding structure, printing quality, window design, and surface finish before placing a bulk order.

Q8: Are the boxes shipped assembled or flat-packed?

These folding cartons are normally shipped flat-packed to save storage and transportation costs. They can be easily folded and assembled when needed.

Q9: What information do I need to request a quotation?

To provide an accurate quotation, please share:

- Box dimensions (Length × Width × Height)
- Material and paper thickness
- Order quantity
- Printing and surface finishing requirements
- Window size and design
- Shipping destination

If you do not have all the specifications yet, our team can help recommend a suitable packaging solution.

Q10: Can you manufacture other types of cosmetic and personal care packaging?

Yes. We specialize in custom folding cartons, rigid gift boxes, magnetic boxes, drawer boxes, paper tubes, and other paper-based packaging solutions for skincare, cosmetics, bath and body products, fragrances, and gift sets.
