Product Description

White Cardboard Foldable Cosmetic Packaging Box

Product Overview

Constructed of sturdy white cardboard, this slim vertical folding box features a snap-lock foldable structure that can be laid flat to significantly reduce storage and shipping costs. Once assembled, it forms a tall narrow carton perfectly sized for tube sunscreen containers.

The design adopts a minimalist retro aesthetic with a clean off-white base paired with all-black printed graphics. A solid black block at the bottom delivers striking color contrast, matching the gentle vibe of **natural skincare products**.

Key Features

- **Foldable Flat Structure** - Drastically reduces warehouse space and international shipping expenses
- **Premium White Cardstock** - Thick rigid cardboard offers structural support and protection
- **Monochrome Retro Print** - Elegant black printing with vintage serif fonts and botanical line art
- **Clear Tiered Info Layout** - Hierarchically arranged product specifications for easy reading
- **Fully Customizable Printing** - Personalized logos, illustrations, texts, and item codes

Frequently Asked Questions

Can I customize the box size to fit my own sunscreen tubes?

> Yes. We offer fully custom dimensions. Just provide the length, width and thickness of your tube product, and we'll adjust the carton size perfectly.

Is only black printing available? Can I add silver/gold hot stamping?

> Default is black offset printing. We support CMYK full-color printing, hot silver, hot gold, and matte/gloss lamination as extra customized crafts.

What's your minimum order quantity (MOQ) for this foldable cosmetic box?

> MOQ depends on your customization. Small trial orders are acceptable; larger bulk orders enjoy better unit prices.

How long will it take to make a sample and mass production?

> Digital artwork proof takes 1-2 working days; physical sample 3-5 days; mass production lead time 7-12 days based on order quantity.

Will folded flat boxes crease the printed patterns badly?

> We use professional die-cutting technology with precise folding lines. Normal folding won't damage surface printing under proper handling.

Is the white cardboard eco-friendly and safe for cosmetic packaging?

> Our white cardboard meets general cosmetic packaging standards, non-toxic, odorless and recyclable.

Can I print all my product information like ingredients, SPF, volume on the box?

> Absolutely. Our designers will arrange all your copy in a neat, readable layered layout without messy clutter.
