XL Luxury Black Magnetic Chocolate Gift Box – Premium Paperboard with Precision Paper Dividers

Crafted exclusively for high-end chocolate brands, this magnetic gift box fuses deep black aesthetics with functional design—marrying artistic elegance with practicality. At Custom-PackagingBox.com, we redefine luxury for chocolate packaging through three core strengths:

Magnetic Closure System: A hidden high-strength magnetic strip enables smooth opening and closing, elevating the unboxing ritual.

Food-Grade Paper Dividers: Precisely cut black paper liners keep chocolates secure and intact during transit.

Full Matte Black Texture: Made with 3mm FSC-certified paperboard, coated with a scratch-resistant matte film for a velvety, premium touch.

Core Advantages Explained

1. Magnetic Closure: Dual Upgrade for Security & Ritual

Patented Magnetic Design: Uses neodymium-iron-boron magnets with 2.5kg suction power, ensuring the box stays closed automatically during shipping to prevent accidental opening.

Scratch-Resistant Matte Lamination: A 30µ matte PET film coating resists fingerprints and wear, preserving the box's deep, rich luster long-term.

Ergonomic Curved Edges: The lid's edges are CNC-polished to a 15° bevel, fitting comfortably in the palm for a smooth opening experience.

2. Intelligent Internal Divider System

Food-Safe Divider Options:

Basic Version: 1.5mm-thick black recycled paper dividers, customizable into 3–12 compartments (e.g., 6-compartment design for 3 chocolate flavors).

Premium Version: EVA cushioning layers paired with laser-engraved paper grooves, designed to securely hold irregularly shaped chocolates (e.g., truffles, carved chocolate pieces).

Modular Design: Dividers can be freely combined to fit different product sizes (e.g., accommodating both chocolate bars and nut jars).

3. Ultimate Black Aesthetic Presentation

Full-Black Visual System:

Exterior: Laminated with 157g German imported black cardstock, using Pantone 448C food-grade ink for color accuracy.

Interior: Matching black specialty paper, with subtle textures (e.g., embossed logos, cocoa leaf patterns) printed via UV technology.

Matte Metallic Branding: Three hot-stamping options available:

Cold Silver Foil: Understated luxury, ideal for minimalist brands.

Black Nickel Foil: Creates a same-tone gradient with the box, enhancing layering.

Laser Engraving: 0.1mm-deep embossed patterns on the matte surface, delivering a unique tactile experience.

4. Sustainable Luxury Philosophy

Eco-Friendly Materials:

Exterior box uses 1200g FSC-certified grayboard; interior dividers are 100% recycled paper, with a 92% recyclability rate.

Adhesives are rice starch-based eco-glues, compliant with EU REACH regulations.

Low-Carbon Production: Manufactured in ISO 14001-certified facilities, with solar power used for printing—reducing carbon emissions by 0.8kg per 1,000 boxes.

Customization Solutions

Flexible Sizing

Standard XL Size: 280×220×100mm (fits 25–30 truffles + 4 chocolate bars).

Oversized Version: Customizable up to 400×300×150mm, with removable partitions for gift set needs.

Value-Added Services

NFC Chip Integration: Embed an NFC chip in the lid; scanning it redirects users to brand story H5 pages or AR interactive interfaces.

Temperature-Humidity Control Layer: Optional phase-change material liners maintain a constant temperature of 18–22 for 24 hours, ideal for long-distance shipping.

Fragrance Encapsulation: Microcapsule fragrance coatings printed inside the lid release a cocoa scent when opened (lasts up to 3 months).

Application Scenarios

High-End Retail: Limited-edition displays for boutique chocolate shops and luxury department stores.

Corporate Gifting: Client appreciation boxes for financial institutions, or swag bags for tech product launch events.

E-Commerce DTC Brands: Exclusive member gift boxes to boost repeat purchases and social media sharing.

Order Information

Minimum Order Quantity (MOQ): 500 units (includes custom design fees).

Production Lead Time: 12–15 business days after design approval.

Packaging & Shipping: Packed with honeycomb paper liners + 5-ply corrugated boxes, reducing shipping costs by 40% compared to traditional rigid boxes.

Get Your Custom Solution Now: Share your product specifications and brand VI, and our design team will deliver 3 creative proposals (including 3D renderings and cost quotes) within 48 hours.
