Product Description

Textured Finish Brown Luxury Large Paper Gift Tote Bags with Custom Printed Logo

Large textured brown luxury paper gift tote bags with custom gold logo for jewelry boutique packaging.

Product Overview

Design & Appearance

Bag Basic Structure

This medium-sized horizontal luxury paper tote bag features standard expanded auto-bottom construction. The flat folded bottom allows the bag to stand steadily on counters, perfectly sized to hold jewelry boxes and small premium gift sets.

Base Color & Textured Material

Crafted from premium matte dark brown specialty art paper with subtle soft frosted grain texture. The low-saturation dark brown tone is muted and non-reflective, effectively resisting fingerprint marks for long-term retail display.

Gold Hot Stamping Brand Printing

Elegant gold foil hot stamping is centered on the bag front, featuring vintage cursive script with smooth delicate strokes. The soft warm gold foil contrasts sharply against the dark brown base for eye-catching high-end branding.

Satin Ribbon Handle Details

Wide matte dark brown satin ribbon handles in matching bag hue deliver unified harmonious visual effect. Wide ribbon surface disperses pressure when carrying heavy gifts, avoiding painful hand indentations.

Style & Application Positioning

Minimalist vintage luxury style matched with sophisticated brown and gold color scheme, specially designed for jewelry, silver, crystal and gemstone boutique packaging.
