Product Description

Handmade Custom Essential Oil Gift Box - Rigid Cardboard Top & Bottom Packaging

Premium Rigid Gift Box Overview

This premium rectangular two-piece rigid gift box features a classic lid and base structure with smooth opening and closing action. Available in three stepped sizes (large, medium, small) for hierarchical retail display and neat stacking.

The box lid showcases delicate radial starburst patterns with a central five-pointed star logo area, while the base features a matte purple solid color texture. Two decorative versions are available: full silver star texture and red accent star texture for enhanced visual layering.

Custom paper dividers, EVA foam, and flocked inner liners are available to securely hold aromatherapy sets, essential oil bottles, skincare kits, festival gifts, and cultural creative products.

Material & Printing Craft Performance

Constructed with thickened high-density rigid cardboard framework for excellent stiffness and flatness. The box maintains anti-deformation properties without bending or corner collapse after long-term stacking and warehouse storage.

Box lid is wrapped with premium art paper featuring exquisite starburst patterns via high-definition CMYK full-color printing. The matte purple base uses high-grade special paper with soft, luxurious texture.

Full customization supported including box sizes, exclusive artwork, embossed logo, hot stamping, deboss, and UV finishing. Inner liner layout can be adjusted according to actual product dimensions.

Core Product Advantages

Multi-Size Serial Design: Large, medium, and small stepped sizes for complete serial packaging with stackable design enhancing boutique display aesthetics

Premium Color Contrast Appearance: Stylish combination of printed star-patterned top lid and solid matte purple base creates elegant layered vision with romantic, festive luxury atmosphere

Reinforced Rigid Cardboard Structure: Thick rigid cardboard support maintains square, three-dimensional shape, resisting extrusion and bending during transportation

Full Customization Capability: Support for custom size, color matching, pattern design, brand logo craft, and personalized inner liner structure

Customer Solutions & Factory Expertise

Customer Concerns & Pain Points	Professional Factory Solutions
Need serialized packaging for multi-product display and brand unification	Complete large/medium/small three-size sets for stacked display, forming standardized brand series packaging
Ordinary packaging lacks festive and high-end visual attraction	Exclusive starburst printing + matte purple luxury color scheme; support hot stamping and emboss logo for premium texture

Customer Concerns & Pain Points	Professional Factory Solutions
Paper boxes easily collapse and deform after long stacking	Thickened high-density rigid cardboard structure with strong compression resistance, no corner sagging or bending
Glass bottles and skincare products are easy to collide and scratch in transit	Custom molded EVA, flocked liner and paper partitions for precise positioning, shock absorption and anti-scratch protection
Different product lines require different box dimensions and layouts	100% customizable box length, width, height and inner cavity layout to adapt various product sizes
Need diverse surface crafts to enhance brand differentiation	Support CMYK printing, gold/silver hot stamping, UV, emboss/deboss and matte lamination for multi-texture upgrades

Frequently Asked Questions

Q1: Can I customize the star pattern, background color and box artwork?

A1: Yes. All surface patterns, background colors and graphic designs are fully customizable. We support your exclusive brand artwork and color matching.

Q2: Can the inner liner be customized according to my bottle sizes?

A2: Absolutely. We tailor-make EVA foam, flocked liner or paper partitions based on your actual essential oil and skincare product dimensions for perfect fitting.

Q3: Can I order only one size instead of the full three-size set?

A3: Yes. Each size can be ordered separately. We support flexible mixed-size purchasing according to your sales needs.

Q4: What is the MOQ? Can I get pre-production samples first?

A4: Flexible MOQ is available for new brand trial orders. Custom samples can be produced for quality confirmation before mass production.

Q5: Will there be obvious color difference in mass production?

A5: We confirm physical samples before bulk production and strictly follow sample standards to control color difference within industrial acceptable range.

Q6: What is the production lead time?

A6: Sample lead time: 5-7 working days. Mass production lead time: 12-18 working days based on order quantity and craft complexity.

Q7: Are hot stamping and embossing logo crafts available?

A7: Yes. We support gold/silver hot stamping, emboss/deboss, spot UV and other high-end surface finishing crafts.

Our exclusive purple star pattern lid & base rigid boxes deliver luxurious visual effects and strong product protection. We provide full-size customization, personalized logo printing, diverse surface crafts and custom inner liner solutions with flexible MOQ and strict quality control.
