Product Description

Custom Printed Food Packaging for Macaron Waffle Cookie Baked Pastry Rigid Dessert Boxes

Premium custom packaging solution designed specifically for delicate baked goods including macarons, waffles, cookies, and assorted pastries.

Product Overview

Made of thick recyclable food-grade cardboard, this handheld bakery gift box features a warm orange main color with orange-brown vertical stripe decoration on side panels. The matte finished surface is scratch-resistant and paired with a durable black fabric carry strap for classic color contrast. Sturdy paper construction maintains rigidity without bending easily.

The flip lid features unique cut-out windows with triangle and mesh hollow design to showcase baked goods directly. Pre-installed 4-cell fixed silver aluminum foil insert divides inner space neatly, firmly securing long waffles, macarons, and cookies to prevent shifting or collision damage during transportation.

Designed as an integrated **magnetic book-style folding box**, this packaging supports custom sizing, brand logo, and full-surface artwork printing. Eco-friendly recyclable paper is ideal for bakery retail sales, holiday gift giving, and afternoon tea dessert set packing.

  Combination of triangular and grid hollow windows enables direct product viewing without opening, boosting in-store display attractiveness for pastry retail.
- **Custom Aluminum Foil Divided Insert | Anti-Shock Fixed Compartment Design**
  4-grid silver aluminum foil inner tray custom-fit for long strip baked snacks, effectively limiting product sliding and preventing surface damage.
- **Magnetic Book-Style Closure + Fabric Handle | Convenient Carry & Tight Sealing**
  Built-in hidden magnet keeps lid tightly closed automatically; durable fabric hand strap enables portable carrying while balancing practicality and upscale appearance.
