Self Sealing Mylar Zipper Bag Plastic Stand Up Packaging Bag Customized Logo Printed

Introducing our self-sealing zipper plastic bag, measuring 168x218mm, the mylar bag crafted from MOPP+VMPET+PE materials with a convenient zipper closure. This zip lock packaging bag is designed to stand upright, featuring a vibrant yellow color with additional colorful accents, and constructed with durable and thick materials.

The zip lock bags stand-up pouch design combines inner, adhesive, and outer layers through heat sealing, providing excellent structural stability and quick sealing capabilities to meet your packaging needs.

MOPP (multi-layer polypropylene) and VMPET (vacuum metalized polyester), along with PE (polyethylene), are premium packaging materials chosen for their high barrier properties and chemical resistance. PE adds strength and toughness to the bag, ensuring a robust and long-lasting solution with maintained transparency and gloss.

The yellow color choice is strategic, as it can attract specific types of insects in certain applications, potentially aiding in product positioning. Complemented by additional colorful accents, the zipper bag becomes visually appealing, enhancing its overall marketability.

This zipper bag plastic packaging not only meets functional requirements but also enhances product appeal through careful color and material selection.
