Product Description

Christmas Two Bars Soap Gift Box

This Christmas soap gift box is specially designed for holiday body care gift sets, featuring a classic two-piece top and base rigid box structure for packaging two bars of scented soap. With its festive design, sturdy construction, and customized insert solution, this box is ideal for supermarkets, gift retailers, beauty brands, and seasonal promotional packaging projects.

The box adopts a standard lid and base rigid box structure, combining a separate top cover and bottom base for a premium opening experience. The core structure is made from **2mm thick rigid paperboard**, providing excellent strength and shape retention. The exterior is wrapped with 157gsm coated paper, ensuring smooth printing, vibrant colors, and a durable surface that resists deformation during storage and transportation.

The entire soap box features an elegant vintage dark green background with subtle vine patterns, finished with matte lamination for a premium touch. The lid surface showcases a Christmas wreath design with red, green, and gold gemstone-style decorations, combined with a gold foil bow element. The product name and net weight information are also customized with gold foil stamping, creating a luxurious holiday appearance that perfectly matches Christmas gifting occasions.

Inside the paper box, a **350gsm white card paper divider insert** is included. The strong paperboard structure creates two separate compartments, allowing two soap bars to be placed securely side by side. The clean white insert keeps products organized, prevents movement, and reduces friction or collision during transportation.

This **Christmas rigid soap gift box** is widely used for holiday gifts, Christmas bath gift sets, corporate seasonal gifts, beauty care promotions, and retail packaging. We support full customization including box size, artwork, logo printing, colors, surface finishes, and insert layouts to meet different soap and personal care packaging needs.
