A custom printed logo magnet flip lid cardboard jewelry box for bracelet, ring, earring, and necklace is a practical and stylish packaging option.

Design and Features

1. Magnet Flip Lid:

- The magnet flip lid provides a secure and easy - to - open mechanism. Magnets ensure that the lid stays closed when needed, protecting the jewelry inside from falling out or getting damaged. When it's time to access the jewelry, the lid can be easily flipped open with a gentle pull.

2. Cardboard Material:

- Made of cardboard, the box is lightweight yet sturdy enough to hold and protect the jewelry. Cardboard is a cost - effective material that can be easily printed on and shaped into various designs.

3. Custom Printed Logo:

- Having a custom - printed logo on the box is excellent for branding. It allows jewelry sellers to showcase their brand identity, making the packaging unique and recognizable. The logo can be printed in various colors and styles to match the brand's aesthetic.

4. Versatile for Different Jewelry:

- This box is designed to hold various types of jewelry, including bracelets, rings, earrings, and necklaces. It may have compartments or inserts inside to keep each piece organized and prevent tangling or scratching.

Benefits

1. Protection:

- The box safeguards the jewelry from dust, scratches, and minor impacts during storage and transportation. The magnet lid ensures that the contents remain secure.

2. Presentation:

- With a custom - printed logo, the box enhances the presentation of the jewelry. It gives a professional and polished look, making the jewelry appear more valuable and appealing to customers.

3. Branding:

- The custom logo helps in building brand awareness. When customers see the branded box, they are more likely to remember the brand and potentially make repeat purchases or recommend it to others.

4. Convenience:

- The magnet flip lid offers convenience for both the seller (when packaging the jewelry) and the buyer (when accessing the jewelry). It's a user - friendly design that adds to the overall appeal of the packaging.

Customization Options

1. Logo Design:

- Sellers can choose the exact design, size, and placement of their logo on the box. They can work with a graphic designer to create a logo that stands out.

2. Box Size and Shape:

- Depending on the size and shape of the jewelry pieces, the box can be customized. For example, a larger box may be needed for necklaces with long chains, while a smaller, more compact box may be suitable for rings.

3. Color and Finish:

- The box can be printed in different colors to match the brand's color scheme. Additionally, finishes like glossy or matte can be applied to give the box a particular look.

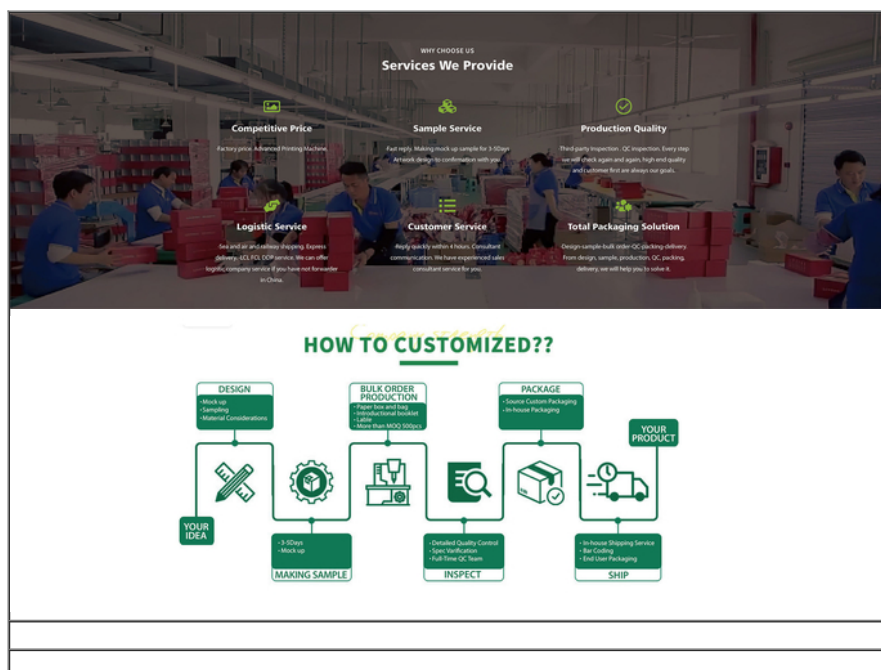

4. Interior Design:
