Key Features

Premium Virgin Wood Pulp

Made from 100% virgin wood pulp (no recycled materials), these tissues are free from chemicals, dyes, and harsh additives, providing pure, hypoallergenic softness perfect for sensitive skin, baby care, or everyday use.

Natural white color retains the pulp's original purity, ensuring a safe, eco-conscious choice for families.

2-Layer Softness & Durability

The 2-layer design balances lightweight softness with reliable strength, making them ideal for:

Gentle facial wiping (no irritation for noses, eyes, or sensitive areas)

Household tasks like dusting, cleaning, or pet care

Baby diaper changes and delicate skin care

Tissues are lint-free and resistant to tearing, even when wet, ensuring efficiency without compromise.

Convenient Box Packaging

Designed for easy access, the box tissue format fits seamlessly in kitchens, bathrooms, living rooms, or bedrooms. The sleek, minimalist design complements any home decor, while the pop-up dispenser ensures quick, one-handed use.

Available in standard or bulk box sizes to suit family needs, from small households to large families.

Safe for All Ages & Skin Types

Skin-friendly formula: Ideal for adults, kids, and babies, these tissues are gentle enough for daily use on even the most sensitive skin.

Dry tissue design: Perfect for dry applications, such as wiping away tears, sweat, or spills, without the need for moisture or chemicals.

Eco-Conscious Choice

Sustainably sourced: Virgin wood pulp is responsibly harvested from FSC®-certified forests (upon request), aligning with eco-friendly values.
