Product Description

Custom 2-Piece Rigid Lid Base Jewelry Box

Recyclable Black Faux Leather Textured Paper Gift Box with Velvet Foam Insert for Earring Wholesale

Product Overview

This Custom 2-Piece Rigid Lid Base Jewelry Box is designed for jewelry brands, wholesalers, and retailers seeking elegant and durable packaging for earrings and small jewelry collections.

Manufactured through machine production, this rigid jewelry box features recyclable paper-based construction, combining environmental responsibility with premium packaging performance. The box utilizes 1000gsm rigid paperboard wrapped with 120gsm black faux leather textured specialty paper, creating a sophisticated leather-like surface with smooth, luxurious tactile qualities.

The complete box adopts a classic all-black design, delivering timeless elegance and high-end appearance suitable for luxury jewelry presentation. The matching black interior includes a black sponge insert wrapped with soft black velvet fabric, providing secure placement and protection for earrings while enhancing the premium unboxing experience.

Our factory provides comprehensive OEM/ODM customization services, including box dimensions, paper texture, colors, logo finishing, and insert design. This jewelry packaging solution is ideal for earrings, rings, necklaces, bracelets, and other luxury accessories.

Core Product Advantages

Recyclable Rigid Paperboard Construction – Sustainable luxury packaging made with recyclable paper-based materials, combining environmental awareness with premium quality. The strong 1000gsm paperboard structure provides excellent durability while supporting sustainable packaging goals.

Faux Leather Textured Surface – Premium luxury appearance with black faux leather textured specialty paper creating sophisticated leather-like finish and delicate tactile feeling. The classic black design enhances brand value and jewelry presentation.

Two-Piece Lid & Base Structure – Classic jewelry presentation with traditional lid and base design providing clean, elegant opening experience. The removable lid allows easy jewelry display while maintaining premium gift-box aesthetics.

Velvet Foam Insert – Secure jewelry protection with black sponge insert wrapped in soft velvet fabric, specially designed for earrings. Keeps jewelry securely positioned, prevents scratches, and improves presentation.

Full OEM Customization – Designed for jewelry brands with support for customized sizes, materials, colors, textures, logo processes, and interior layouts. Create unique packaging solutions matching your market positioning.

Application Solutions

Customer Requirement	Manufacturer Solution
Jewelry brands need packaging with luxury appearance	Black faux leather textured paper provides premium surface effect similar to leather packaging
Customers want environmentally responsible packaging	Recyclable paperboard materials available for sustainable jewelry packaging solutions
Earrings need secure protection during storage and transport	Customized velvet foam inserts hold earrings firmly and prevent scratches
Brands need packaging for different jewelry collections	Box size, insert layout, and internal structure can be customized
Wholesale buyers require stable quality for bulk orders	Machine production ensures consistent quality and efficient large-volume manufacturing
Luxury products need better gift presentation	Two-piece rigid lid base structure creates elegant unboxing experience

Frequently Asked Questions

Q1: Is this jewelry box made from recyclable materials?

Yes. The box uses recyclable paper-based materials, making it a suitable option for brands focusing on sustainable packaging.

Q2: Can I customize the size for different earrings or jewelry sets?

Yes. We can adjust the box size and insert design according to your jewelry dimensions and packaging requirements.

Q3: Can the black faux leather texture be changed?

Yes. We offer various specialty papers, textures, and colors to match different brand styles.

Q4: What logo options are available?

We support multiple logo finishing methods, including gold foil stamping, silver foil stamping, embossing, debossing, UV printing, and customized printing.

Q5: Can the velvet insert be customized?

Yes. The insert shape, material, color, and layout can be customized for earrings, rings, necklaces, and other jewelry products.

Q6: Is this box suitable for wholesale orders?

Yes. The box is produced by machine manufacturing, providing stable quality and efficient production for wholesale buyers.

Q7: Can I order samples before placing a bulk order?

Yes. We recommend creating samples first to confirm the structure, materials, colors, and logo effects before mass production.
