Custom Printed White Embossed Sticker Labels Single Sided Adhesive Matte/Gloss Finish High-Resolution Printing Ideal for Branding Product Packaging Decorative Applications

Custom Printing Label with Single Sided Adhesive and White Embossed Sticker
Elevate your brand with our Custom Printing Label featuring Single Sided Adhesive and White Embossed Details, a premium solution for products that demand tactile elegance and visual distinction. These labels combine vibrant custom printing with white embossed textures, offering a sophisticated finish for luxury goods, gourmet products, or high-end packaging.

Key Features: Tactile Luxury Meets Custom Branding
1. White Embossed Texture for Premium Appeal
Raised White Embossing:
Precision embossing creates tactile white patterns, logos, or text on the label surface, adding depth and luxury without color—ideal for minimalist or monochromatic designs.
Texture Options:
Subtle patterns, brand crests, or decorative motifs for a sophisticated, handcrafted feel.
2. Vibrant Single Sided Printing
Full-Color Customization:
CMYK/Pantone® printing on the non-embossed area for vibrant logos, product information, or background designs that contrast beautifully with white embossing.
Design Flexibility:
White embossing can accent specific elements (e.g., logo, tagline) or cover the entire label for a monochrome, high-end look.
3. Single Sided Adhesive for Versatile Application
Strong Permanent Bond:
Acrylic adhesive ensures secure adhesion to glass, plastic, metal, or cardboard—ideal for bottles, boxes, or premium packaging.
Application Versatility:
Smooth application on flat or slightly curved surfaces, with no adhesive residue on the back for clean storage.
4. Premium Materials & Finishes
Label Substrates:
Choose from:
Matte art paper (for a soft, velvety touch)
Glossy film (for vibrant color contrast with white embossing)
Transparent vinyl (for “floating” embossing effects
