Product Description

Custom Lid & Base Box for Aromatherapy Candles with Gold Foil and Matte Lamination Finish

Designed for luxury fragrances, cosmetics, jewelry, and premium gift sets, this custom three-piece lid & base rigid box combines elegant presentation with superior product protection.

Featuring a classic three-piece structure consisting of a top lid, bottom base, and precision-cut EVA insert, the packaging delivers a premium unboxing experience while ensuring products remain securely positioned during storage and transportation.

The exterior is finished in a sophisticated peacock blue matte lamination, offering a smooth touch and refined appearance. The clean white logo and typography create strong visual contrast, enhancing brand visibility and shelf appeal.

Inside, a custom cream-colored EVA insert is precisely engineered to fit the product shape, providing excellent cushioning, shock absorption, and presentation value. The soft interior color complements the exterior design, creating a fresh and luxurious opening experience.

This packaging solution is ideal for perfume bottles, skincare products, cosmetic gift sets, essential oils, jewelry, and luxury promotional items.

Frequently Asked Questions (FAQ)

Q1: Can the box size be customized?

Yes. All dimensions can be customized according to your product specifications.

Q2: What insert materials are available?

We offer EVA foam, sponge, paperboard inserts, molded pulp inserts, and other customized solutions.

Q3: Is the EVA insert suitable for glass perfume bottles?

Absolutely. EVA provides excellent cushioning and shock resistance, making it ideal for protecting fragile glass containers.

Q4: Can I add gold foil or silver foil branding?

Yes. We support gold foil stamping, silver foil stamping, holographic foil, embossing, debossing, and spot UV finishing.

Q5: What industries commonly use this packaging?

This box is widely used for perfumes, cosmetics, skincare products, jewelry, candles, essential oils, luxury gifts, and corporate promotional products.

Q6: Can I receive a sample before placing a bulk order?

Yes. We recommend sample approval before mass production to ensure complete satisfaction with the design and structure.

Q7: Are the materials environmentally friendly?

Yes. The paperboard materials can be produced using recyclable and FSC-certified paper options upon request.

Q8: What is your minimum order quantity?

MOQ depends on the size, material, and customization requirements. Please contact us for a tailored quotation.
