

## XL Packaging Custom Luxury Boxes Customization Eco-Friendly Kraft Paper Package Box Small Drawer Sliding Bath Supplies Packaging Boxes For Soap

### Our Product Introduction

for more products please visit us on [custom-packagingbox.com](http://custom-packagingbox.com)

#### Basic Information

- Place of Origin: shenzhen china
- Brand Name: OEM/ODM
- Certification: ISO certificate, Disney, Sedex, FSC
- Model Number: card boxes 00
- Minimum Order Quantity: 500
- Price: discussible
- Packaging Details: Carton Packing
- Delivery Time: 18-25
- Payment Terms: Western Union,T/T,MoneyGram,L/C
- Supply Ability: 200000 Piece/Pieces Per Month

#### Product Specification

- Size: Customized
- Printing Handling: Matt Lamination, Varnishing, Stamping, Embossing, Glossy Lamination, UV Coating, VANISHING, Gold Foil
- Oem: OEM Service Accepted
- Design: Simple And Elegant
- Material: Paper
- Style: Foldable
- Shape: Square
- Keywords: Drawer Box With Soap

**XL Packaging: Custom Eco-Friendly Kraft Paper Luxury Boxes – Small Drawer Sliding Design for Bath Soap & Supplies**

XL Packaging's custom small drawer sliding boxes redefine eco-luxury for bath supplies—crafting durable, kraft paper packaging that balances rustic sophistication with functional design. Tailored for soap bars, bath bombs, and small bath essentials, these sliding drawer boxes protect delicate products, enhance unboxing experiences, and align with eco-conscious brand values. As a factory-direct supplier, we offer end-to-end customization to elevate your bath line—from drawer mechanics to subtle luxury finishes that honor kraft paper's natural appeal.

**Core Materials: Eco-Friendly Kraft Paper – Durability Meets Sustainability**

Kraft paper is the foundation of these boxes, chosen for its natural texture, strength, and compatibility with bath environments (where moisture resistance and durability matter). Our materials prioritize both eco-credentials and performance:

**1. Premium Kraft Paper Specifications**

**Thickness:** 250–350gsm (ideal for small boxes—thick enough to support drawer sliding mechanics without warping, yet lightweight for portability).

**Texture:** Natural brown kraft (with visible fiber grain for artisanal appeal) or bleached kraft (soft off-white for a cleaner, minimalist look).

**Recycled Content:** Optional 85% post-consumer recycled (PCR) kraft paper—maintains rigidity and printability, perfect for brands prioritizing circularity.

**Moisture-Resistant Treatments (Bath-Specific):**

**Plant-Based Wax Coating:** A thin, food-safe wax layer on the drawer interior and box exterior—repels minor splashes (common in bathrooms) and prevents kraft paper from absorbing soap moisture (avoids warping or discoloration).

**Aqueous Matte Lamination:** A water-based, eco-friendly laminate that adds scratch resistance and subtle sheen—enhances kraft's texture without masking its natural look.

**Sustainable Adhesives & Inks:**

**Starch-Based Adhesives:** No toxic chemicals—securely bonds drawer components while remaining biodegradable.

**Structural Design: Small Drawer Sliding Mechanism – Functional & Luxurious**

The small drawer sliding design is engineered for ease of use, soap protection, and space efficiency—ideal for storing 1–4 standard soap bars or a curated set of bath essentials:

**1. Drawer Sliding Mechanics**

**Smooth Glide Rails:**

Hidden kraft paper rails (reinforced with 1mm thick kraft board) line the box interior, ensuring the drawer slides open/closed effortlessly—no sticking or jamming. The mechanism is tested for 500+ slides to guarantee long-term durability.

**Secure Closure:**

A subtle friction fit or optional magnetic dot (recyclable neodymium) keeps the drawer closed during transit—prevents soap from shifting or falling out, while remaining easy for customers to open.

**Ergonomic Design:**

A small, recessed pull tab (integrated into the drawer front) allows easy access—no external hardware (maintains the box's clean, eco-luxury aesthetic).

**Size Customization (Small-Scale):**

Tailored to standard soap bar dimensions (typically 7×5×2.5cm) with these popular configurations:

| Drawer Box Size (L×W×H) | Capacity                 | Ideal For                                    |
|-------------------------|--------------------------|--|
| 10×8×5cm                | 1–2 large soap bars      | Artisanal, hand-cut soap brands              |
| 15×8×5cm                | 3–4 standard soap bars   | Soap gift sets (e.g., "Bath Essentials Kit") |
| 12×10×6cm               | 1 soap bar + 1 bath bomb | Curated bath bundles                         |

**Interior Protection:**

**Die-Cut Dividers:** Optional kraft paper or felt dividers to separate multiple soaps (prevents scratching or scent transfer).

**Soft Liners:** FSC®-certified tissue paper or unbleached cotton liners in the drawer—cushions soap and absorbs minor moisture (keeps soap dry between uses).

**Ventilation Slots:** Tiny, laser-cut slots in the drawer base (discreetly placed) to allow air circulation—prevents soap from

becoming soggy (critical for bath environments).

**Luxury Customization: Elevate Kraft Paper – Subtle, Sophisticated Details**  
Kraft paper’s natural texture serves as a perfect canvas for luxury finishes that enhance (not overpower) its eco-appeal. Our customization options align with bath brands’ aesthetic—think botanical motifs, minimalist logos, and earthy tones:

1. Print & Finish Techniques

Embossing/Debossing:

3D texture for logos, monograms, or bath-inspired patterns (e.g., debossed fern leaves, embossed soap bar silhouettes)—adds tactile luxury without relying on color. Ideal for minimalist or organic brands.

Eco-Friendly Foil Stamping:

Recyclable gold, silver, or copper foil (thin, low-impact) for subtle accents—e.g., a gold foil logo on natural kraft, or silver foil "Handmade" text on bleached kraft. Avoids overwhelming the paper’s natural look.

2. Brand Storytelling Elements

Drawer Interior Branding:

Print short brand stories, soap ingredients, or usage tips inside the drawer (e.g., "Our lavender soap is made with organic essential oils—perfect for bedtime baths")—turns packaging into a value-added touchpoint.

Custom Inserts:

Die-cut kraft paper inserts shaped like soap bars or bath bombs—hold products securely and add a playful, cohesive look (e.g., a star-shaped insert for a bath bomb).

Eco-Certification Badges:

Prominently display FSC, cruelty-free, or vegan badges on the box exterior—reinforce your brand’s values to conscious consumers.

**Factory Advantages: Eco-Luxury at Scale**

As a direct factory, we balance sustainability, quality, and flexibility to meet the needs of small artisans and large bath brands alike:

1. Flexible MOQs & Tiered Pricing

MOQs:

Standard designs (natural kraft + basic print): 200 units (ideal for small soap makers testing packaging).

Custom designs (foil stamping + magnetic closure): 500 units.

Tiered Discounts:

5% off for 1,000–4,999 units.

10% off for 5,000–9,999 units.

15% off for 10,000+ units (perfect for national bath brands or subscription boxes).

2. Fast Turnaround & Quality Control

Production Time:

Standard orders: 7–10 days (from design approval).

Custom designs (complex finishes + inserts): 12–15 days.

Rush orders (5–7 days): Available with a 20% surcharge (for holiday launches or last-minute restocks).

Quality Checks:

Drawer Mechanics Testing: Each box is tested for smooth sliding (50+ cycles) and closure security.

Moisture Resistance Testing: Samples are exposed to 80% humidity for 48 hours to ensure no warping.

Eco-Compliance Checks: Verify FSC® certification and biodegradability of materials.

3. Design Support

In-House Design Team: Create 2–3 custom concepts (e.g., botanical prints, minimalist logos) tailored to your brand’s aesthetic—no extra cost for basic designs.

3D Mockups: Provide digital renderings of the box (with your soap/supplies inside) to visualize the final product before production.

Physical Samples: 3–5 test boxes (with functional drawers) to confirm fit, finish, and durability.

**Why Choose XL Packaging’s Kraft Drawer Boxes for Bath Soap?**

**Eco-Luxury Blend:** Natural kraft paper elevated with subtle luxury finishes—appeals to consumers seeking sustainability and style.

**Soap-Specific Protection:** Moisture resistance, ventilation, and soft liners keep soap dry, intact, and fresh.

**Functional Design:** Smooth sliding drawer enhances unboxing and makes storage easy (perfect for bathroom counters).

**Brand Alignment:** Customizable to match your bath line’s aesthetic—from artisanal to minimalist to luxury.

**Cost-Efficient:** Factory-direct pricing and flexible MOQs make eco-luxury accessible for small and large brands.

XL Packaging’s custom small drawer sliding kraft boxes turn soap packaging into a reflection of your brand’s values—sustainable, luxurious, and functional. Whether you’re an indie soap maker or a national bath brand, our factory’s expertise ensures your boxes protect your products, delight customers, and stand out in crowded bath markets. Contact our team to share your soap dimensions, brand vision, and eco-goals—we’ll deliver a tailored solution that elevates your bath line.
