Product Description

Magnetic Closure Cosmetic Packing Box

Premium Packaging Solution

Custom magnetic closure rigid box designed for skincare and beauty products, featuring 157gms art paper laminated over 1.5mm hard paperboard with hidden neodymium magnets for a smooth, secure snap-close experience.

Full surface supports 4-color offset printing for brand logos, product names, and decorative patterns. Custom hot gold/silver stamping enhances brand marks, creating consistent internal and external visual effects.

Material & Craft Performance

Outer Packaging: Thickened hard paperboard with professional die-cutting and wrapping molding, featuring regular edges, sturdy texture, and excellent deformation resistance.

Internal Structure: Custom perforated paper, EVA or sponge inserts precisely clamp bottles and jars, preventing shaking, collision, and scratching during transportation.

Core Features

- Premium Magnetic Closure:** Hidden magnets deliver smooth snap-close and secure seal
- Rigid Paperboard Structure:** Sturdy & deformation-resistant with 1.5mm hard paperboard construction
- Dual Printing & Hot Stamping:** Unified brand visual identity with full-color printing and custom hot stamping
- Custom Protective Insert:** Anti-collision & anti-scratch protection for fragile glass bottles
- Eco-Friendly Material:** Sustainable green beauty packaging with 100% recyclable paper-based materials

Customer Solutions

Customer Concerns	Manufacturer Solutions
Fragile glass cosmetic bottles are easy to shake, collide and scratch during transportation	Custom perforated paper/EVA/sponge inserts for fixed clamping and buffer shock absorption
Need premium unboxing experience matching luxury brand positioning	Hidden magnet closure with rigid paperboard structure for high-end feel
Need to print complete product information	4-color high-definition full-page printing for comprehensive label information
Ordinary boxes are easy to be crushed and deformed	1.5mm hard paperboard structure with strict stiffness and edge control
Cross-border brands require recyclable packaging	100% recyclable paper-based structure, free of excessive plastic accessories

Product Specifications

Item	Details
------	---------

Product Name	Magnetic Closure Cosmetic Packing Box (Rigid Box with Hidden Magnets)
Base Material	157gms art paper + 1.5mm hard paperboard
Closure Type	Hidden neodymium magnetic closure, smooth snap-close
Printing Technology	4-color offset full-color printing; hot gold/silver stamping for lid top
Optional Surface Finishes	Matte / glossy lamination, hot stamping, spot UV, embossing
Internal Accessories	Custom positioning paper insert; optional EVA, sponge buffer inserts for glass bottle fixing
Customizable Items	Box size & structure, lid/base logo & pattern printing, surface crafts, insert material & hole layout

Production Process

- 1 Demand Confirmation:** Confirm box size & structure, magnet strength, printing design scheme, insert style & material
- 2 Quotation Calculation:** Calculate unit price, MOQ and production cycle according to specifications and requirements
- 3 Artwork Finalization:** Confirm lid and base printing drafts, insert hole opening drawings, lock all official production files
- 4 Pre-production Sampling:** Produce physical samples, inspect magnet closure smoothness, box rigidity, printing color accuracy
- 5 Sample Approval:** Customer confirms sample quality and approves formal mass production
- 6 Mass Production & QC:** Complete paperboard die-cutting, wrapping, magnet embedding, printing & lamination and insert processing
- 7 Final Inspection & Shipment:** Full finished product inspection, protective packaging and container loading for delivery

Frequently Asked Questions

Can the magnetic closure strength be adjusted?

Yes. The number, size and strength of hidden magnets can be customized to achieve the desired closing feel, from soft-close to firm snap-close.

Is this box suitable for glass cosmetic bottles and jars?

Absolutely. We can customize perforated positioning inserts according to product sizes to fix bottles firmly, effectively avoiding collision and scratch damage during transportation.

Can box size and structure be customized according to my products?

Yes. All box dimensions including length, width and height support full personalized customization to match different cosmetic product specifications.

Can full English product information be printed for cross-border sales?

Definitely. High-definition full-color printing supports multi-language text, which can print complete brand introductions, product efficacy, specifications and ingredient information.

What are the sampling and mass production lead times?

Conventional sampling takes 7-12 working days (hot stamping orders need slightly more time). Mass production takes 15-25 working days. Rush orders are negotiable for urgent demands.
