Product Description

Custom Printed Half-Round Cosmetic Paper Boxes Wholesale for Lipstick Skincare Packaging

Double-Door Opening Gift Box For Skincare & Body Care Sets

This double-door opening rigid gift box is specially developed for body care and skincare gift sets. The design features three box variants under one unified brand visual system: small portable flip-top box, large double-door presentation box, and retail window display carton, delivering an outstanding premium unboxing experience.

The box adopts a white base with fine golden vertical stripes, accented by bright yellow elements for a bright, luxurious gift-style appearance. The surface is printed with delicate golden stripe patterns, brand name, and decorative letter graphics. Real yellow satin ribbons cross on the front, secured by a round metal-effect embossed badge with brand logo. Unlike ordinary printed stickers, this badge has tangible embossed texture that significantly upgrades perceived value.
