Overview

XL Packaging's suitcase style magnetic closure box combines the elegance of a rigid gift box with the portability of a cotton ribbon handle. Designed for skincare collection sets and clothing packaging, this premium box delivers a refined unboxing experience while keeping products secure during transit and retail display. As a dedicated packaging factory, we supply bulk-ready boxes that help beauty brands and apparel labels stand out on shelves and in e-commerce deliveries.

Suitcase Style Design with Magnetic Closure

Inspired by classic suitcase silhouettes, our magnetic closure box features rounded corners and a structured rigid body crafted from 400-600gsm greyboard. Hidden neodymium magnets embedded in the lid and base create a smooth soft-snap seal that keeps the box firmly closed without visible hardware, preserving the clean, premium look of the packaging.

Secure Closure: Neodymium magnets provide reliable holding strength, protecting skincare bottles and folded garments from dust and shifting during shipping

Effortless Opening: One-handed opening makes it convenient for customers to access products, enhancing the retail and unboxing experience

Reusable Structure: The durable suitcase style box can be reused for storage, extending brand exposure long after the first unboxing

Cotton Ribbon Handle: Style Meets Convenience

A soft yet sturdy cotton ribbon handle is seamlessly attached to the box, allowing customers to carry the package like a mini suitcase. The ribbon handle is reinforced at both anchor points to support the weight of skincare sets or clothing items, making it an ideal choice for gift giving, retail takeaway, and premium e-commerce packaging.

Comfortable Grip: Smooth cotton ribbon feels gentle on hands, even when carrying heavier collection sets

Brand Matching: Ribbon color and width can be customized to match your brand palette for a cohesive presentation

Added Value: The handle transforms a simple box into a reusable carry bag, boosting perceived product value

Nice Pantone Printing for True Brand Colors

Showcase your brand identity with precise Pantone color matching. Our printing team reproduces your brand colors accurately across the box surface, ensuring logos, patterns, and artwork appear vibrant and consistent from sample to mass production.

Pantone Spot Color Matching: Accurate color reproduction for logos and brand graphics

Multiple Finishing Options: Matte or gloss lamination, soft-touch coating, spot UV, gold foil stamping, and embossing available

Interior Printing: Print brand stories, care instructions, or thank-you messages inside the lid for a personalized touch

Perfect for Skincare Collection Sets and Clothing Packing

This suitcase magnetic closure box is engineered for two key applications:

Skincare Collection Sets: Rigid structure and optional foam or paper inserts keep serum bottles, creams, and jars neatly organized and protected, ideal for gift sets and holiday collections

Clothing Packing: Generous interior accommodates folded T-shirts, sweaters, scarves, and apparel accessories, with optional tissue paper lining to prevent fabric snags

Retail and E-commerce Ready: Suitable for brand stores, duty-free counters, subscription boxes, and online orders that demand premium presentation
