Product Description

Custom Holiday Slide Drawer Box Set Christmas Tree Shape Gift Packaging With Metal Pull Handle Ribbon Bow Decoration

Make unboxing part of the celebration with this festive slide drawer box set, a coordinated packaging family designed for brands that sell **custom printed gift boxes** during the holiday season. Multiple box sizes in one set let you wrap a whole gift story in matching style.

Each box in the set works like a smooth drawer: the inner tray glides out of the sleeve to reveal the gift, while a shiny metal handle makes the opening motion feel substantial and premium - the kind of detail customers remember and share online.

Christmas Tree Shape Decoration & Ribbon Bow

The outer sleeve is printed with an elegant **Christmas tree shaped boxes** motif in deep green and gold, finished with a decorative ribbon bow on the front panel. This turns an ordinary mailer moment into a true **festive packaging design** experience without extra wrapping cost.

Slide Drawer Mechanism With Metal Pull

Unlike glued ribbon pulls that can tear, the drawer features a riveted **metal pull handle boxes** solution that stays firmly attached through repeated opening and closing. The precision die-cut sleeve keeps the drawer aligned, so the **slide drawer box packaging** action stays smooth every time.

Set Structure & Eco Materials

A typical holiday box set wholesale configuration includes three nesting sizes - large for main gifts, medium for candies and small for accessories - all sharing one visual identity. They are made from 1200gsm greyboard and art paper, the same **rigid paper boxes** quality used in premium retail, with recyclable construction that satisfies **eco-friendly packaging materials** policies in EU and US markets.

Key Selling Points

- Multi-size slide drawer boxes sold as a coordinated holiday box set
- Durable metal pull handle replaces fragile ribbon or string pulls
- Christmas tree shape printing with ribbon bow decoration for instant festivity
- Bright CMYK printing reproduces rich reds, greens and gold foil effects
- Reusable drawers customers keep for storage long after the holiday

Frequently Asked Questions

Q1: Can I buy a single size instead of the full holiday box set?

Yes. The set structure is flexible - you can order one size, two sizes or the full three-piece set. The **holiday box set wholesale** pricing applies when you order multiple sizes together.

Q2: Is the metal pull handle safe for food-adjacent products?

The handle is fixed on the outside of the drawer front and never touches the contents. For candies and cookies we also offer a food-safe paper cord pull as an alternative.

Q3: How durable is the slide drawer mechanism?

The sleeve is die-cut with precise tolerances and the drawer is wrapped in the same art paper for consistent friction. Boxes are tested for 50+ open-close cycles without loosening.

Q4: What is your MOQ and sample policy?

MOQ is 500 sets for customized holiday box sets. Samples are produced in 3-5 working days; the sample fee is refunded with your first bulk order.

Q5: Can you print our own logo and Christmas artwork?

Absolutely. As an **OEM ODM packaging supplier** we print your artwork with CMYK or Pantone colors, and can add foil stamping, embossing or spot UV on the tree pattern.

Q6: Do you provide custom size packaging boxes for odd-shaped gifts?

Yes. Send us your product drawings or samples and we will engineer sleeve and drawer dimensions to fit, including **custom size packaging boxes** for non-standard items.

Q7: How do you protect the boxes during international shipping?

Every box is OPP-bagged, foam-padded and shipped in 5-layer export cartons. We have shipped festive packaging to 40+ countries with a damage rate below 0.3%.
