Product Description

Custom Oval Shape Perfume & Soap Gift Box with Full Color Printing

Oval gift box for perfume and soap | Full color printing gift box | Rigid structure with foam insert tray

An Oval Gift Box That Makes Skincare, Perfume and Soap Feel Hand-Finished

When a rounded silhouette replaces the usual square carton, a shelf suddenly feels curated. This custom gift box uses a true oval shape to frame perfume bottles, soap bars and skincare jars in a soft, tactile luxury packaging look that customers notice before they ever read a label. Built as a rigid box on high-density grey board, it holds its form under the weight of glass and keeps fragile items steady during transit. Full color printing reproduces gradients, patterns and photography edge to edge, while an optional gold foil logo and spot UV detailing lift the finish to boutique standard. Whether you sell a single fragrance or a seasonal soap set, this oval gift box gives your brand a wholesale gift boxes platform that photographs beautifully and ships without drama.

Signature Selling Points

1. True Oval Shape for Perfume & Soap

The rounded oval gift box for perfume, soap softens the hard edges of conventional packaging and creates a gentle, gift-like silhouette that stands out on any display table or e-commerce listing.

2. Full Color Printing Gift Box

CMYK offset full color printing gift box runs artwork, gradients and brand photography across the whole surface. Add matte or gloss lamination, foil stamping and embossed patterns for depth.

3. Rigid Box With Foam Insert

A die-cut foam insert is shaped to your exact bottle or soap dimensions, so the product sits snugly and cannot shift, scuff or shatter inside this rigid box during long-haul shipping.

4. Eco Friendly Paperboard Build

Recyclable grey board and FSC-certified paper stock support eco friendly packaging claims, helping green skincare and natural soap brands meet EU and US retail expectations.

Frequently Asked Questions

Q1: What is the MOQ for a custom oval gift box?

Our standard MOQ is 500 pieces per design. For new perfume and soap brands we can start lower after sample approval, so you can validate the market before committing to a large run.

Q2: Can the foam insert be shaped to my exact product?

Yes. We cut the foam insert to your bottle, jar or soap bar dimensions using a die-cut mould, and can add one or two cavities for a perfume plus soap combo set. Send us the product size or a physical sample.

Q3: How do I get a sample before mass production?

Samples are ready in 5-7 days with your artwork, oval structure and foam insert. The sample fee is refundable or deductible from your bulk order.

Q4: What artwork formats do you accept for full color printing?

AI, PDF, CDR, PSD and 300dpi images are all welcome. Our designers prepare a free mockup so you can check bleed, folds and logo placement before approval.

Q5: How long does production and delivery take?

Mass production takes 12-18 days after artwork confirmation. Shipping is 3-7 days by express, 5-10 days by air and 15-35 days by sea to major ports.

Q6: Can you match a Pantone color for my brand?

Absolutely. We offer Pantone matching for full color printing, foil stamping and ribbon, and send a color proof so the finished perfume packaging matches your brand guidelines precisely.

Q7: Do you offer FOB or CIF terms for overseas buyers?

Yes. We quote FOB Shenzhen as standard and can arrange CIF or DDP on request, including export documents, pallets and door-to-door delivery.
