Product Description

Luxury Blue Velvet Gift Box with Ribbon Bow & Custom Logo Foil

Present jewelry, watches or perfume in a **custom gift packaging** solution that feels as refined as the piece inside. Our blue velvet box closes with a satin bow and carries a crisp foiled logo for a genuinely **luxury unboxing**.

Each **velvet presentation box** is engineered around your artwork, so the **logo embossed box** effect and the interior fit both match your brand standards. We also act as a **rigid box supplier** for brands that need consistent quality across repeat orders.

Gift Usage Scenarios

Festival buyers tend to ask the same few questions: will it protect the product, will it look premium, and will the full set fit? The table below answers those concerns for the most common collections.

Applicati on	Customer Focus (Festival Box)	Our Solution
Jam Set	Keep jars apart; make the set look full.	A snug insert separates each jar and raises the set for a generous shelf impression.
Gin Set	Guard a tall bottle and still look expensive.	Reinforced board plus a shaped cradle secures the bottle while foil branding reads high-end.
Skincare	Arrange several small units tidily.	Custom foam or velvet cradles hold each jar and tube so nothing shifts in transit.
Perfume	Protect glass and make the reveal special.	A cushioned cavity holds each flacon, and the bow turns opening into a moment.
Soap Set	Keep bars clean and neatly presented.	Velvet or satin lining keeps bars aligned and dust-free for boutique display.

Product Overview

The base is a firm greyboard shell wrapped in soft velvet. The **satin ribbon closure** opens smoothly and can be color-matched or contrasted for effect, while the inside can be lined in velvet, satin or a purpose-cut insert for rings, watches or small flacons.

Because the box is built from your dimensions, it works as a **personalized gift box** rather than a generic one. Editions are available as hinged, magnetic or drawer styles, with **premium packaging solutions** such as soft-touch lamination, spot UV and multi-color foil.

Key Features

- Soft velvet wrap over a rigid greyboard body
- Satin bow closure in matching or contrast shade
- Fine foil stamping for a crisp brand mark
- Interior choices: velvet, satin or custom insert
- Hinged, magnetic or drawer construction
- Best suited to watches, jewelry or perfume sets
- Durable enough to be reused by the end buyer
- Full OEM & ODM customization on size and finish

Frequently Asked Questions

Q1. How many pieces must I order?

Our standard MOQ is 500 pieces, though we can discuss a smaller trial run for a first order.

Q2. Can I approve a sample first?

Yes. We supply structural samples, a fabric swatch and a printed production sample for your sign-off.

Q3. How is quality controlled?

Each batch is fully inspected for color, structure, foil alignment and insert fit before dispatch.

Q4. What file formats do you accept?

Vector artwork in AI, PDF or EPS, or a high-resolution image together with Pantone references.

Q5. Are recycled options available?

Yes. Recycled board and water-based adhesives can be used for buyers who need greener packaging.

Q6. What is the typical lead time?

Samples usually take 5-7 working days; bulk production runs about 15-20 working days.

Packaging & Logistics

Stage	Detail	Timing
Inner Pack	Individual poly bag, optional tissue wrap	With packing
Outer Pack	Export-grade corrugated carton, corner guards available	With packing
Sampling	Structure and printed samples	5-7 working days
Bulk Production	Full custom run	15-20 working days
Freight	Express, air, sea or rail	Express 3-7 d / Air 5-10 d / Sea 25-40 d
Port	Shenzhen / Guangzhou, China	As scheduled
Inspection	100% check before shipment	1-2 working days

Custom Order Process

Step	Action	Customer Note
1	Inquiry	State product type, quantity, box style and target market.
2	Product details	Send dimensions or a sample so the fit can be designed.
3	Artwork review	Provide logo or artwork in AI, PDF or vector format.
4	Quotation	Check the recommended material, structure and finishing before confirming price.
5	Sample	Approve the sample thoroughly before bulk production starts.
6	Production	Note the lead time; changes after this point can delay delivery.
7	Inspection	Goods are checked and packed before dispatch.
8	Shipping	Pick the freight method that fits your schedule and budget.
9	Delivery	Inspect on arrival; after-sales support stays available.
