Product Description

Custom Cloth Wrapped Gift Box for Jewelry Packing

Give your range a handcrafted, market-stall charm with a **woven fabric box** designed for **artisan food packaging**. Ideal for jewelry, Ring and Necklace that deserve more than a plain carton.

We size each **Jewelry box** to your exact ring or necklace, so a full **gift set packaging** project arrives stable, tidy and ready for the shelf.

Gift Usage Scenarios

For a **pantry gift set box**, buyers weigh three things: protection, presentation and fit. The table below maps those concerns for the sets we build most often.

Application	Customer Focus (Festival Box)	Our Solution
Jewelry	Hold jewelry steady; look generous.	Fabric wrap plus a die-cut insert fixes each jar and lifts the set for a full look.
Gin Set	Protect a tall bottle; feel premium.	A firm shell and shaped cradle support the bottle, with cloth wrap adding warmth.
Skincare	Keep small units neatly placed.	A custom foam or pulp insert holds each item firmly during transit.
Perfume	Cushion glass and reveal elegantly.	A precision cavity cradles every flacon while the wrap hides the board for a clean reveal.
Soap Set	Present bars tidily and cleanly.	Fabric or paper lining keeps bars aligned and dust-free.

Product Overview

A rigid greyboard core is wrapped in woven cloth, concealing every edge for a smooth finish. Natural, linen and kraft tones are popular, but any Pantone can be matched for a true **sustainable gift box** look, and a **boutique packaging box** feel on shelf.

Inside, a die-cut insert keeps each jar or can fixed, so no rattling or breakage. The same build adapts well to **spirits gift packaging** with a taller cavity and a printed label plate.

Key Features

- Soft woven cloth over a rigid greyboard body
- Custom insert holds multiple jars or cans
- Fabric color and weave matched to your brand
- Optional ribbon, handle or label plate
- Available in 2, 3 or 4-jar layouts
- Sturdy enough for retail and gifting
- Reusable by the end customer
- Full OEM & ODM customization as a **custom fabric box**

Frequently Asked Questions

Q1. What is the minimum order?

Our standard MOQ is 500 pieces, and a lower trial quantity can be arranged for a first order.

Q2. Can one insert fit mixed jar sizes?

Yes. The insert is cut to your exact jar or can dimensions so each unit sits securely.

Q3. May I see a sample first?

Of course. We provide structural samples, fabric swatches and a printed sample for approval.

Q4. How can I brand the box?

Choose a fabric label, embroidered patch, foil-stamped label plate or a printed card insert.

Q5. Is the cloth water resistant?

It can be treated for light moisture resistance, and heavier barriers are available on request.

Q6. What is the usual lead time?

Samples usually take 5-7 working days; bulk production runs about 15-20 working days.
