Product Description

Flap Lid Box with Ribbon Closure for Clothing & Skincare Sets

Our **flap lid box** pairs a rigid, hinged flap lid with a satin **ribbon closure box**, giving your brand a clean, modern silhouette that opens with a smooth, memorable motion. It is a natural choice for a **clothing packaging box**, where folded apparel needs to look crisp the moment a customer lifts the lid.

As a **custom packaging boxes** solution, the flap lid structure keeps its shape on the shelf and in the mailer box, so your garments arrive crease-free. The matte **custom packaging box** outer is printed in your exact colour, and a foil logo turns it into a genuine **luxury gift box** for retail and e-commerce alike.

The same box converts neatly into a **skincare packaging box**: add a die-cut **paper insert box** and it holds jars, serums and droppers securely as a full skincare set. Buyers who need presentation and protection together often choose this **cosmetic packaging box** for launch kits and holiday collections.

Made from recyclable **kraft paper box** board and available as a flat-packed **foldable paper box**, it supports **eco friendly packaging** goals while keeping freight costs low for large **wholesale gift box** orders.

Key Features

- 13 Rigid flap lid with satin ribbon closure for a premium reveal
- 13 Custom surface printed in your exact Pantone colour
- 13 Sturdy structure keeps folded clothing free of creases and dust
- 13 Optional die-cut paper insert turns it into a skincare set box
- 13 Available as a flat-packed foldable paper box to save on freight
- 13 Logo in gold foil, emboss, deboss, spot UV or screen print
- 13 Reusable, recyclable board that supports eco friendly packaging
- 13 Suitable for retail shelves, e-commerce kits and gift channels

Application Scenarios & How the Uncoated Set Box Solves Buyer Concerns

Buyers sourcing an **uncoated set box** usually share the same worries. The table below lists the most common concerns you raise during an inquiry and how our box answers each one.

--	--	--

Clothing Packaging	Folded garments shift during transit and the box can lose its shape on the shelf	Rigid flap lid with ribbon closure holds everything flat and crease-free, and the reinforced board keeps its crisp silhouette
Cosmetics Packaging	Multiple bottles and compacts of different sizes knock together and scratch	A custom paper insert separates every item, and the cosmetic packaging box looks premium for launch and gift sets
Skincare Set Packaging	Heavy glass jars need a strong box that still opens easily for customers	Double-wall greyboard carries the weight, while the ribbon closure gives a soft, easy-to-open luxury gift box experience
Tea Packaging	Moisture and odour from tea leaves can weaken an uncoated board	A food-grade moisture liner and internal divider keep tea tins dry, and the flap lid gives a clean, giftable presentation

OEM & ODM	Supported
MOQ	500 Pieces (Custom Inquiry Welcome)

Frequently Asked Questions (FAQ)

Q1. What is your minimum order quantity (MOQ)?

Our standard MOQ is 500 pieces per design. For premium rigid and ribbon closure boxes the MOQ may vary, and we are happy to discuss trial orders.

Q2. Can you customise the box size and structure?

Yes. Every box is manufactured to your product dimensions. We adjust length, width, depth, insert layout and lid style for a perfect fit.

Q3. Is the ribbon closure durable for shipping?

Yes. We use a reinforced anchor and quality satin ribbon, and we recommend a mailer box or corrugated outer for long-distance transport.

Q4. Can I print my own logo and artwork?

Absolutely. We offer gold/silver foil stamping, embossing, debossing, spot UV, screen printing and full CMYK printing, so your branding is exact.

Q5. Do you provide samples before mass production?

Yes. Pre-production samples are strongly recommended so you can check size, printing, paper texture and fit. Sample lead time is 5-7 working days.

Q6. Are your boxes eco-friendly?

Yes. We use recyclable, FSC-certified paper and eco friendly glue on request, helping your brand meet sustainability expectations in the US and EU markets.

Q7. What payment terms do you accept?

We accept T/T, L/C, PayPal and Western Union. A 30% deposit is standard, with the balance paid before shipment.

Q8. How do I get a quotation?

Send us your product dimensions, quantity, printing requirements and box style. Our team will reply with a detailed free quotation within 24 hours.

Packaging & Shipping

We protect every paper box with professional export packing so that your goods arrive in perfect condition, wherever you are.

Inner Packaging	Individual poly bag or tissue wrapping, protective corners	Included, optional customisation
Outer Packaging	Export-grade corrugated carton, reinforced with cushioning	Standard export packing
Carton Marking	Shipping marks and labels per your instruction	Confirmed before shipping
Sample Production	Hand-made pre-production sample	5-7 working days
Mass Production	Full production run after sample approval	15-25 working days
Express Shipping	DHL, FedEx, UPS, TNT door to door	3-7 days
Air Freight	Airport to airport	7-12 days
Sea Freight	Port to port, best for large volumes	25-40 days
Quality Inspection	100% inspection before packing	Every batch

Custom Order Process

From your first inquiry to the moment you receive the goods, here is exactly what happens and what you should watch out for at each step.

1	Send Inquiry	Share product size, quantity, box style and target market
2	Requirement Evaluation	Confirm your product to be packed and any special requirements; we propose the best structure
3	Free Quotation	Review unit price, tooling cost, MOQ and lead time carefully
4	Artwork Confirmation	Send high-resolution AI/PDF/vector logo files; check colour and text
5	Structure & Dieline	Approve the dieline drawing before sampling
6	Sample Production	Check size, paper texture, printing and insert fit in person
7	Sample Approval	Confirm all details before mass production begins
8	Mass Production	Production strictly follows the approved sample
9	Quality Inspection	Request inspection photos or video before shipment if needed
10	Packing & Shipping	Confirm shipping method, marks and documents before dispatch
11	Receive Goods	Inspect cartons on arrival and report any damage within 7 days
