Product Description

Suitcase Style Food Safe Gift Box For Cookies And Tea Packaging With Handle

Give cookies and tea the look of a small suitcase with this **suitcase style gift box**. Built for brands that ship **custom packaging boxes** to Europe and North America, it pairs a reinforced carry handle with a food safe interior, so every **paper gift box** arrives ready to give, not just ready to ship.

As a rigid gift box maker we produce this design across many sizes and finishes, from a clean matte **kraft paper box** to a foil stamped **luxury gift box**. The angled suitcase profile and drawn handle make the pack instantly recognisable in product photos, which supports your search listings and social posts at the same time.

A Carry Handle That Survives Real Use

Cookies and tea tins are heavy, so the handle is the first part a buyer tests. This suitcase box uses a riveted board handle that is load tested with the pack filled, and the double wall shell keeps the base flat. The result is a **food packaging box** that still looks neat after a customer has lifted it off a shelf.

Food Safe Contact Gift Box

The inner surface uses food grade board and odourless inks, making the box suitable for direct contact with wrapped cookies, biscuits and tea sachets. For distributors working to EU and US rules we also offer FSC board and **recyclable packaging**, turning the same design into a genuinely **eco friendly packaging** option.

Fancy Printing For Retail Shelves

Covers are printed in full colour CMYK or matched to a Pantone colour, with optional hot foil, spot UV and embossing. A **custom printed box** can carry a seasonal motif, a brand pattern or a simple logo, and because the printing sits on the wrap, even a short run of a **corrugated box** looks like a considered, retail ready piece.

Key Selling Points

- Food safe board and odourless inks for direct contact packing
- Fancy printing with foil, embossing and spot UV options
- Sturdy rigid construction for cookies, tins and tea sets
- Fully custom sizes and inserts from a **wholesale packaging supplier**
