Product Description

Paper Hamper Box With Handle For Holiday Gift Set And Pastry Packaging

Turn a loose set of treats into a gift people want to carry home with this **paper hamper box with handle**. Designed for **holiday gift set** ranges and **pastry gift box** lines, it is a rustic style, basket shape **gift box** that looks handmade yet performs like a factory built pack, so your seasonal range stands out in a crowded market.

The basket shape gives designers a large curved panel for artwork, while the reinforced handle turns a heavy food set into a comfortable carry. Produced as a **custom packaging boxes** project, the same structure scales from a small bakery run to a full **wholesale packaging supplier** order without changing the look.

A Handle Built For Heavy Holiday Gift Sets

A hamper earns its name from the handle, and this **hamper box with handle** is built around that idea. Instead of a glued ribbon, the handle is a riveted paper or board strap tested with a full pack inside, and the rigid base spreads the load so jars, tins and pastries stay steady while the box is carried.

Rustic Style With A Modern Finish

For buyers who want a warm, natural feel, the rustic style surface uses a kraft art paper wrap that pairs well with foil, spot UV and embossing. It reads as a **kraft paper box** on the shelf but still delivers the crisp print of a **luxury gift box**, giving brands a premium look without losing the handmade character holiday shoppers look for.

New Design Basket Shape That Sells Online

Most festive **rigid gift box** designs are square, so a basket shape is instantly recognisable in search results and unboxing photos. The new design uses a wide curved panel for logos and seasonal motifs, and a window option lets shoppers see the contents, so the pack works as shelf ready **food packaging box** and as a hero shot for your online listing.

Food Safe And Eco Conscious Materials

Boxes are made from food grade board with odourless inks, suitable for direct contact when lined. For brands pushing sustainability we offer FSC certified board and **recyclable packaging**, along with **eco friendly packaging** options and a **corrugated box** insert that keeps pastries and biscuits in place during transit.
