Product Description

Product Description

Make your fragrance products stand out with our 3-Piece Oval Cylinder Gift Box, a premium custom paper packaging solution designed for reed diffusers, perfumes, and fragrance gift sets.

Crafted from 2mm rigid paperboard wrapped in 157gsm coated art paper, this oval gift box features a three-part construction consisting of a lid, cylindrical body, and inner box for a sturdy, structured, and elegant presentation.

The exterior showcases vibrant watercolor floral artwork with a smooth matte laminated finish, creating a sophisticated look for premium fragrance collections. A gold foil-stamped brand logo on the lid adds a luxurious finishing touch and enhances brand recognition.

Inside, a custom white flocked thermoformed insert features two dedicated compartments to hold diffuser bottles and fragrance accessories securely in place, helping minimize movement, scratches, and impact during handling and transportation.

As a direct packaging manufacturer, we offer customization of box dimensions, printed artwork, logos, inserts, and surface finishes. Whether you are developing a luxury perfume collection, a reed diffuser gift set, or seasonal fragrance packaging, this custom oval rigid box helps create a memorable unboxing experience.

Key Features & Benefits

1. Unique Oval Cylinder Design — Distinctive Premium Presentation

The elegant oval silhouette offers a distinctive alternative to conventional square gift boxes. Its three-piece construction, including the lid, outer body, and inner box, creates a structured package that enhances the presentation of perfume, reed diffuser, and fragrance gift sets.

2. Durable 2mm Rigid Paperboard — Strength & Shape Retention

Made with 2mm rigid paperboard wrapped in 157gsm coated art paper, this paper tube gift box provides a sturdy structure that helps maintain its shape during handling, storage, and display. It is ideal for brands seeking premium-looking packaging for high-value fragrance products.

3. Watercolor Floral Printing — Elegant Matte Finish

The outer body features colorful watercolor floral artwork printed in full-color CMYK, complemented by matte lamination for a refined, low-gloss appearance. Custom artwork, color schemes, and graphic designs can be developed to match your brand identity and seasonal collections.

4. Gold Foil-Stamped Logo — Elevated Brand Recognition

The lid features a gold foil-stamped logo that adds a sophisticated metallic accent to the packaging. Additional customization options, including embossing, debossing, and alternative foil colors, can help create a distinctive branded gift box.

5. Custom White Flocked Insert — Secure Product Positioning

The interior includes a custom white flocked thermoformed insert with two dedicated compartments for fragrance bottles and accessories. The fitted layout helps keep products organized, reduce unwanted movement, and improve presentation when customers open the box. Insert dimensions can be tailored to your product specifications.

Applications & Customer Needs

Application	What Buyers Care About	How This Box Helps
Reed Diffuser Gift Sets	Secure bottle positioning, elegant presentation, and accessory organization	The custom two-compartment insert helps hold the diffuser bottle and accessories in place.
Perfume Gift Packaging	Premium appearance, brand recognition, and protection during handling	The oval rigid structure, matte floral artwork, and gold foil logo create a refined presentation.
Home Fragrance Collections	Consistent branding and coordinated packaging across product lines	Custom artwork, logos, colors, and box dimensions help maintain a consistent brand identity.
Luxury Fragrance Launches	Distinctive packaging and a memorable unboxing experience	The oval silhouette and decorative finishing help differentiate new product collections.
Holiday & Seasonal Gift Sets	Attractive designs for gifting occasions and limited editions	Floral artwork and customizable colors and finishes support seasonal packaging concepts.
Corporate & Premium Promotional Gifts	Professional presentation and customized branding	Gold foil stamping and tailored inserts make the box suitable for branded gifting programs.
Boutique Retail & E-commerce	Product presentation and reduced movement inside the box	The fitted insert helps organize the contents, while appropriate outer shipping protection can provide additional transit protection.

Frequently Asked Questions

Q1: What does a 3-piece oval cylinder gift box include?

This design consists of three main components: a lid, an oval cylindrical outer body, and an inner box. It also includes a custom white flocked insert with two compartments for positioning fragrance products and accessories.

Q2: Can I customize the dimensions of the oval gift box?

Yes. We support customized oval dimensions according to your product size and packaging requirements. Please provide your bottle dimensions, accessory measurements, or preferred internal dimensions for evaluation.

Q3: Can you print our logo and brand artwork?

Yes. The box can be customized with your logo, artwork, and brand colors. The featured design uses full-color CMYK printing and gold foil stamping, with other decorative options available depending on the design.

Q4: Can the white insert be customized for different perfume or diffuser bottles?

Yes. The insert layout can be adjusted to accommodate different bottle shapes, sizes, and accessory combinations. Please share product drawings, measurements, or samples so the insert fit can be evaluated.

Q5: What is the insert made of?

The featured design uses a white flocked thermoformed insert. The exact substrate, thickness, and suitability should be confirmed according to the project requirements. Alternative insert materials may be discussed if they better suit your product or sustainability goals.

Q6: Is the rigid paper box suitable for shipping glass perfume bottles?

The rigid paperboard structure and fitted insert help organize and support the products inside the box. However, the gift box alone should not be assumed to provide sufficient protection for parcel shipping. For glass bottles, we recommend evaluating the insert fit and adding suitable protective outer packaging based on shipping conditions.

Q7: Can I change the floral artwork or use a minimalist design?

Yes. The watercolor floral artwork is customizable. You can provide your own design or request a different visual direction, such as minimalist branding, botanical illustrations, solid colors, or seasonal artwork.

Q8: What surface finishes can I choose?

Available options may include matte lamination, gloss lamination, gold or other foil stamping, embossing, and debossing. The final combination depends on the artwork, material, production method, and budget.

Q9: What is your minimum order quantity (MOQ)?

MOQ depends on box dimensions, insert complexity, printing requirements, finishing options, and production setup. Contact us with your estimated quantity and specifications for a project-specific quotation.

Q10: Can I request a sample before placing a bulk order?

Sample availability, cost, and lead time can be discussed before mass production. Sampling helps evaluate the box structure, artwork, foil logo, insert fit, and overall presentation before approving a bulk order.

Q11: How long does production take?

Production lead time depends on order quantity, artwork approval, insert development, sampling, material availability, and factory scheduling. We will confirm the estimated schedule after reviewing your requirements.

Q12: Can you ship internationally?

Yes. Shipping options can include express courier, air freight, or sea freight, depending on the order and destination. The shipping cost and estimated transit time will be confirmed in the quotation.
