Product Description

Product Description

Make your skincare packaging stand out with our **Custom Die-Cut Cartoon Paper Box**, designed for kids' skincare products, bath essentials, seasonal gift sets, and Halloween promotions.

Made from 350gsm white cardboard, this creative folding box features playful Halloween-inspired cartoon shapes, including dimensional ears, pumpkin stems, and other custom die-cut details. Its four-color printing supports vibrant artwork and brand logos, while an optional protective laminate finish helps resist scratches and everyday scuffs.

The lightweight, flat-pack design makes assembly easy and helps reduce storage space and shipping volume. The interior provides space for small skincare products, bath items, and beauty samples.

As a professional packaging manufacturer, we offer custom box dimensions, die-cut shapes, printed designs, and finishing options to match your brand identity. Whether you are preparing a seasonal product launch or developing distinctive kids' personal care packaging, this custom cardboard box combines playful design with practical packaging functionality.

Sample lead time: 3–5 days

Mass production lead time: 15–18 days, subject to order specifications and confirmation.

Key Features & Benefits

1. Creative Die-Cut Cartoon Design — Eye-Catching Retail Packaging

Distinctive cartoon shapes, dimensional ears, pumpkin stems, and other custom-cut details create a playful look that attracts attention. Ideal for kids' skincare collections, Halloween gift sets, and seasonal promotional packaging.

2. 350gsm White Cardboard — Lightweight & Practical

Made from 350gsm white cardboard, this folding box provides a practical balance of printability, lightweight construction, and everyday packaging support. The material specification and box structure can be reviewed to suit your product size and weight.

3. Vibrant CMYK Printing — Customized Brand Identity

Four-color printing allows colorful illustrations, themed graphics, product information, and brand logos to be reproduced on the box surface. Customize the artwork to match your brand colors, seasonal campaigns, or product collection.

4. Protective Lamination — Improved Surface Durability

Optional lamination helps improve resistance to surface scratches, scuffs, and handling marks while enhancing the overall appearance. Choose a finish that complements your artwork and desired brand presentation.

5. Flat-Pack Folding Structure — Lower Storage & Shipping Volume

The box ships flat to save space during transportation and warehousing. Its straightforward folding structure supports convenient assembly, making it suitable for bulk packaging orders, seasonal campaigns, and e-commerce gift sets.

Applications & Packaging Solutions

Application Scenario	Customer Concern	Our Packaging Solution
Kids' Skincare Products	Standard packaging may look plain and fail to appeal to the target audience.	Custom cartoon graphics and playful die-cut shapes help create a more engaging, child-friendly presentation.
Halloween Gift Sets	Seasonal packaging needs to stand out and communicate the holiday theme.	Pumpkin-inspired shapes, themed illustrations, and custom printing create a distinctive Halloween look.
Bath & Body Products	Small items need organized, attractive outer packaging.	A customizable box size provides space for selected bath products and personal care accessories.
Skincare Sample Kits	Compact products need lightweight packaging that is easy to distribute.	The folding paperboard structure is suitable for small skincare samples and promotional kits, subject to size and weight requirements.
Retail Display Packaging	Brands want packaging that supports shelf appeal and brand recognition.	Full-color printing and custom artwork help communicate product identity at the point of sale.
E-commerce Gifts & Promotions	Bulky packaging can increase storage and shipping costs.	The flat-pack structure reduces unassembled packaging volume. Protective shipping packaging should be selected according to the finished product and transport conditions.

Note: This paperboard box is an outer packaging solution. If your products contain liquids, glass containers, or other fragile items, additional inserts or protective packaging may be required.

Product Specifications

Specification	Details
Product Name	Custom Die-Cut Cartoon Paper Box
Product Type	Folding Paperboard Box
Material	350gsm White Cardboard
Material Weight	350gsm
Box Structure	Custom Die-Cut Folding Structure

Sample Lead Time	3–5 Days
Mass Production Lead Time	15–18 Days
Customization	Size, Structure, Artwork, Printing, and Surface Finish

Specifications are customizable. Final dimensions, material suitability, printing requirements, and structural performance should be confirmed before production.

How to Customize Your Paper Box

Step	Customization Process	What You Need to Provide	Our Solution
Step 1	Define Your Packaging Requirements	Product dimensions, product weight, intended use, and estimated order quantity.	We help determine suitable box dimensions and a practical folding structure.
Step 2	Choose the Box Shape	Reference images, preferred cartoon shapes, or a description of the desired design.	We develop a custom die-cut structure to match your packaging concept.
Step 3	Submit Your Artwork	Brand logo, illustrations, color references, and product information.	We prepare the artwork layout for review and printing confirmation.
Step 4	Select Material & Finish	Material preferences, lamination options, and any special packaging requirements.	We confirm the proposed material, finish, and production specifications.
Step 5	Approve the Sample	Sample feedback, fit requirements, and final design adjustments.	We arrange a sample for evaluation before mass production.
Step 6	Confirm Bulk Production	Approved specifications, quantity, packaging requirements, and delivery destination.	We confirm the order details, production schedule, and shipping arrangements.

Customization Options Include:

- Custom box dimensions and folding structures
- Halloween, animal, character, and other cartoon-inspired die-cut shapes
- CMYK printing and custom brand logos
- Optional matte or gloss lamination, subject to design requirements
- Custom interior inserts or dividers, where needed and technically feasible

Shipping & Logistics

Logistics Item	Details
Sample Production	Approximately 3–5 days
Mass Production	Approximately 15–18 days after order details and artwork are confirmed
Packaging Format	Flat-packed to reduce storage and transportation volume
Shipping Methods	Express courier, air freight, or sea freight, depending on order size and destination
Small Orders & Samples	Express courier or air freight may be suitable for urgent requirements
Bulk Orders	Sea freight may offer better cost efficiency for larger shipments
Shipping Cost	Quoted according to order quantity, packed dimensions, gross weight, and destination
Delivery Time	Depends on shipping method, destination, customs clearance, and carrier schedule
Export Packaging	Carton packing and other suitable shipping protection can be discussed before order confirmation

Production lead time excludes shipping and customs clearance. Final delivery arrangements and costs will be confirmed with your quotation.

Frequently Asked Questions

Q1. Can I customize the size and shape of the cartoon paper box?

Yes. We support custom dimensions, die-cut shapes, folding structures, and printed artwork. Please share your product dimensions and reference images so we can assess the appropriate design.

Q2. Is 350gsm white cardboard suitable for kids' skincare packaging?

350gsm white cardboard is a practical option for lightweight outer packaging and small skincare products. Suitability depends on the product's weight, dimensions, and packaging structure. We recommend confirming the specifications before production.

Q3. Can you print our brand logo and custom cartoon artwork?

Yes. We support four-color CMYK printing for brand logos, colorful illustrations, product information, and seasonal graphics. Print-ready artwork can be provided by your design team or prepared according to an agreed design service.

Q4. Can I choose a matte or glossy finish?

Yes. Matte or gloss lamination may be available depending on the design and production requirements. Please specify your preferred finish when requesting a quotation.

Q5. Does the box arrive assembled?

The standard design is supplied flat-packed to reduce storage and shipping volume. The box is designed for manual folding and assembly. Assembly details depend on the final structure.

Q6. Can the box hold liquid skincare products or glass bottles?

The box can be customized as outer packaging for selected skincare products. For liquids or glass bottles, the packaging should be evaluated according to the container weight, leakage risk, and impact protection requirements. Additional inserts or protective materials may be necessary.

Q7. Can I order a sample before placing a bulk order?

Yes. Samples can generally be arranged in approximately 3–5 days, subject to design complexity and confirmation. A sample helps you evaluate the shape, dimensions, print appearance, and assembly before approving mass production.

Q8. What is your minimum order quantity (MOQ)?

MOQ depends on the box structure, printing setup, customization requirements, and order quantity. Contact us with your target quantity to receive a suitable quotation. We will confirm the applicable MOQ before production.

Q9. How long does mass production take?

The reference production lead time is approximately 15–18 days after the specifications, artwork, and order details are confirmed. Complex designs, order volume, and seasonal demand may affect the schedule.

Q10. What information is needed for a quotation?

To help us quote accurately, please provide:

- Box dimensions or the dimensions of the product to be packed
- Desired cartoon shape and reference images
- Printing artwork or logo
- Preferred surface finish
- Estimated order quantity
- Delivery country or ZIP/postal code

We will review your requirements and confirm the recommended specifications, pricing, and estimated lead time.
