Product Description

Product Description

Elevate your beauty packaging with our **Custom Long Makeup Card Box**, designed for lipsticks, lip glosses, mascara, and other slim cosmetic products. Made from 350gsm white cardboard, this custom folding box combines a clean, elegant appearance with practical packaging functionality.

Available in a range of soft pastel and macaron-inspired colors, the box can be customized with spot-color printing, hot foil stamping, and branded product details. Choose gold foil, hot pink foil, or other available foil finishes to create a premium look that helps your products stand out. A matte laminated surface adds a refined texture and helps protect against everyday scratches and scuffs.

Manufactured using a machine-produced folding structure, the box is easy to assemble and supplied flat-packed to reduce storage space and shipping volume. Its blank interior accommodates individual lipsticks, lip glosses, mascara tubes, and other slim beauty products.

We offer custom box dimensions, colors, artwork, logo printing, and surface finishes to match your brand identity. Whether you are launching a new makeup collection, packaging beauty samples, or developing retail-ready cosmetic packaging, this long cardboard box offers a versatile solution for your business.

Sample lead time: 3–5 days

Mass production lead time: 15–18 days, subject to order specifications and confirmation.

Key Features & Benefits

1. Premium 350gsm White Cardboard — Reliable Everyday Packaging

Made from 350gsm white cardboard, this folding makeup box provides a practical balance of printability, lightweight construction, and structural support. It is suitable for packaging individual cosmetic products, with the final box dimensions and structure tailored to your items.

2. Hot Foil Stamping — Make Your Brand Shine

Enhance your packaging with gold foil, hot pink foil, or other available foil stamping options. Add your brand logo, product name, or selected design elements to create a refined visual contrast against pastel colors and minimalist artwork.

3. Custom Macaron Colors — Consistent Brand Presentation

Choose soft pink, lavender, mint green, cream, or other custom color schemes to complement your beauty collection. Spot-color printing and custom artwork help maintain a consistent brand identity across different product lines.

4. Matte Lamination — Smooth Finish with Scratch Resistance

The matte laminated surface creates a sophisticated, understated appearance while helping resist everyday surface scratches and scuffs. Combine matte lamination with metallic foil details for a distinctive premium cosmetic packaging design.

5. Flat-Pack Folding Design — Space-Saving Storage & Shipping

The folding structure is designed for convenient assembly and flat-packed delivery. This helps reduce unassembled packaging volume, making storage and transportation more efficient for beauty brands, wholesalers, and large-volume packaging orders.

Applications & Packaging Solutions

Application Scenario	Customer Concern	Our Packaging Solution
Lipstick Packaging	Brands need elegant packaging that highlights product identity.	Custom colors, branded printing, and hot foil stamping create a polished retail presentation.
Lip Gloss Packaging	Slim tubes require appropriately sized packaging without excessive empty space.	Custom dimensions help create a closer fit for individual lip gloss products.
Mascara Packaging	Long, narrow tubes need packaging that suits their shape.	The elongated folding box can be customized to match the dimensions of mascara tubes.
Beauty Sample Kits	Sample products need compact, professional-looking outer packaging.	Lightweight paperboard construction and custom printing support promotional and sampling campaigns.
Private Label Cosmetics	Emerging brands need packaging that reflects their visual identity.	Custom logos, spot colors, artwork, and foil finishes help distinguish private-label products.
Holiday & Promotional Gift Sets	Seasonal launches benefit from distinctive packaging and coordinated colors.	Custom artwork, metallic foil details, and matching color schemes help create limited-edition packaging.
E-commerce Beauty Products	Bulky packaging increases warehousing and shipping volume.	Flat-packed boxes reduce the volume of unassembled packaging before use. Additional shipping protection can be specified as needed.

Note: This is an outer packaging box. For fragile glass containers or products requiring extra protection, custom inserts or additional protective packaging can be discussed.

Frequently Asked Questions

Q1. Can I customize the size of the long makeup box?

Yes. We support custom box dimensions to accommodate lipsticks, lip glosses, mascara tubes, and other slim cosmetic products. Please provide the product dimensions or a reference sample so we can assess the suitable box size.

Q2. What is the advantage of using 350gsm white cardboard?

350gsm white cardboard offers a printable surface and a practical structure for lightweight cosmetic outer packaging. Its suitability depends on the product's dimensions, weight, and box design. We can review your requirements before production.

Q3. Can you add our logo using hot foil stamping?

Yes. Hot foil stamping can be used for your brand logo, product name, or selected decorative details. Gold and hot pink foil are among the requested options, subject to production feasibility and artwork review.

Q4. Can I choose custom macaron colors?

Yes. You can specify your preferred pastel shades, brand colors, and printed artwork. Please provide color references or brand guidelines so the proposed design can be reviewed before production.

Q5. Is matte lamination included?

Matte lamination is part of the described product configuration. Please confirm the exact surface finish and any additional finishing requirements when requesting your quotation.

Q6. Will the boxes arrive assembled?

The standard design is supplied flat-packed to reduce shipping and storage volume. The folding structure is designed for manual assembly. Final assembly requirements depend on the approved box design.

Q7. Can the box accommodate different lipstick or mascara sizes?

Yes. The box dimensions can be customized for different product sizes. Please provide the length, width, and height of the item, including any cap or protruding components that affect the fit.

Q8. Can I order a sample before placing a bulk order?

Yes. Sample production generally takes approximately 3–5 days, subject to design complexity and confirmation. A sample allows you to review the dimensions, printed colors, foil details, surface finish, and assembly before approving mass production.

Q9. What is the minimum order quantity (MOQ)?

MOQ depends on the box structure, printing requirements, foil stamping setup, and order quantity. Contact us with your target quantity so we can confirm the applicable MOQ and quotation.

Q10. How long does bulk production take?

The reference mass production lead time is approximately 15–18 days after the artwork, specifications, and order details are confirmed. The final schedule depends on order volume, design complexity, and production arrangements.

Q11. What information do you need to provide a quotation?

For an accurate quotation, please share:

- Product dimensions and type
- Required box dimensions or a reference box
- Estimated order quantity
- Brand logo and printing artwork
- Preferred colors and foil stamping options
- Surface finish requirements
- Delivery country and ZIP/postal code

We will review your requirements and confirm the recommended specifications, pricing, and estimated lead time.
