Product Overview

This square rigid two-piece gift box is widely used for packaging favors, jewelry, scented candles, small cosmetics, candy, chocolate and holiday gifts. It is constructed with a grey board core mounted with printed paper. Featuring a separate lid-and-base structure, the box keeps a rigid shape and resists deformation. It supports full-color printing of plaid, heart, illustration and other patterns for versatile fresh styles.

Available processes include CMYK 4-color printing, spot color printing, gold / silver hot stamping, UV coating, embossing, lamination and special paper mounting. Box dimensions, surface patterns and colors, base color and inner inserts are fully customizable. It is ideal for gift shops, jewelry brands, candle suppliers, cross-border gift vendors and seasonal favor manufacturers. The mounting paper, insert structure and surface finishing can be adjusted upon request.
