Product Description

Embossed Gold Foil Foldable Card Box for Scented Foot Soap, Custom Printed Gift Box

1. Product Description

This custom foldable card box is specially designed for scented foot soap and personal care products. Featuring a one-piece construction with a self-locking bottom, the box can be shipped flat to reduce storage and transportation costs. Its easy-to-assemble design requires no glue, making it a practical and attractive packaging solution for brands and retailers.

Made from durable 350gsm white cardboard, this custom soap packaging box supports a variety of Pantone background colors, including warm orange, bright yellow, light green, and ivory. Elegant gold foil stamping highlights the decorative borders and vintage European-inspired patterns along the sides. The brand logo features a combination of gold foil stamping and embossing, creating a distinctive raised effect that enhances brand recognition.

The box surface is finished with matte lamination for a smooth, premium touch and improved resistance to scratches and everyday wear. Product information, including brand name, fragrance, usage frequency, product benefits, net weight, and bilingual English-French descriptions, can be clearly displayed on the packaging.

With customizable dimensions, colors, patterns, and finishing options, this luxury foldable soap box is ideal for scented foot soap, bath soap, cleansing sponge soap, and personal care gift sets. It combines practical functionality with premium shelf appeal for beauty and personal care brands targeting European and North American markets.

2. Key Features & Benefits

1. 350gsm White Cardboard | Durable & Reliable Packaging

Made from 350gsm white cardboard, this folding carton offers good rigidity and structural support for scented foot soap and other personal care products. The sturdy paperboard construction helps protect the soap during storage, handling, and retail display.

2. Gold Foil Stamping & Embossed Logo | Premium Brand Presentation

Elegant gold foil details decorate the box borders and side panels, while the brand logo combines hot foil stamping with embossing. This layered finishing technique creates a raised metallic effect that adds depth, sophistication, and visual appeal.

3. Custom Pantone Colors | Consistent Brand Identity

Available in a range of custom background colors, including warm orange, bright yellow, light green, and ivory. Pantone color matching helps brands maintain consistent packaging colors across different product lines and seasonal collections.

4. Foldable Self-Locking Structure | Easy Assembly & Cost Savings

The one-piece folding carton features a self-locking bottom and ships flat without requiring glue during customer assembly. Its flat-pack structure reduces shipping volume and warehouse storage requirements while making packaging operations more convenient.

5. Matte Lamination | Smooth Touch & Surface Protection

The matte laminated surface delivers a refined, understated appearance while helping protect printed graphics and decorative gold foil details from scratches and everyday abrasion.

3. Packaging Applications & Customer Solutions

This custom printed foot soap box is suitable for various personal care and gift packaging applications.

7. Frequently Asked Questions (FAQ)

Q1: Can I customize the size of this scented foot soap box?
Yes. We offer fully customized dimensions based on your soap size and packaging requirements. Simply provide the product measurements, and our team can recommend a suitable box structure.

Q2: Can I change the background color and decorative pattern?
Yes. We support custom Pantone colors, printed patterns, brand graphics, and artwork. You can choose orange, yellow, green, ivory, or other colors to match your brand identity.

Q3: Can you produce gold foil stamping and embossed logos together?
Yes. Gold foil stamping and embossing can be combined to create a raised metallic logo effect. We can also customize the foil position, size, and decorative details according to your artwork.

Q4: Does the box require glue during assembly?
No. This box uses a one-piece folding structure with a self-locking bottom. It can be assembled quickly without additional glue during normal box assembly.

Q5: Can the boxes be shipped flat?
Yes. The folding carton is delivered flat-packed, helping reduce shipping volume and warehouse storage costs.

Q6: Can I print product information in multiple languages?
Yes. We can print English, French, German, Spanish, or other language content according to your target market and supplied artwork. Final regulatory labeling requirements should be confirmed for the destination market and product category.

Q7: Can I request a sample before placing a bulk order?
Yes. We recommend a pre-production sample to check the box dimensions, printing colors, gold foil effect, embossing, and overall construction before mass production.

Q8: What is your minimum order quantity (MOQ)?
MOQ depends on the box dimensions, material, printing requirements, and production process. Please contact us with your specifications for a customized quotation.

Q9: How long does mass production take?
Production time depends on order quantity, artwork approval, and finishing complexity. We will confirm the estimated production schedule when providing your quotation.

Q10: Do you provide OEM and ODM packaging services?
Yes. We are a custom paper packaging manufacturer offering OEM and ODM services, including structural design, material selection, custom printing, logo finishing, sampling, and bulk production.
