Product Description

Custom Oval Cylinder Gift Box with Gold Foil Stamping and Debossing Featuring White Flocked Blister Insert for Skincare Sets

Product Description

This custom oval cylinder gift box is specially designed for premium skincare and fragrance gift sets. Featuring a classic telescopic lid-and-base structure, the box is made from 2mm thick rigid greyboard wrapped with 250gsm coated paper, providing excellent structural strength, durability, and product protection.

The exterior features a refreshing aqua blue color with elegant white brand lettering, finished with matte lamination for a smooth, soft-touch appearance. Gold foil stamping and debossed diamond patterns are combined with vintage decorative borders and ornamental details, creating a sophisticated luxury packaging style.

The interior is finished in white and fitted with a custom white flocked blister insert featuring two individual compartments. Each compartment is designed to securely hold one skincare or fragrance bottle, helping prevent movement, scratches, and impact damage during transportation.

With customizable dimensions, colors, printing, logos, and finishing techniques, this oval rigid paper tube box is an excellent packaging solution for skincare gift sets, aromatherapy products, essential oils, fragrance collections, and premium personal care gifts.

We provide custom oval cylinder packaging manufacturing to help beauty brands create distinctive packaging for the European and North American markets.

Key Features & Benefits

2mm Rigid Greyboard Structure — Premium Strength & Product Protection

Constructed from 2mm thick rigid greyboard wrapped with 250gsm coated paper, this oval cylinder gift box offers a sturdy and durable structure. Compared with ordinary folding cartons, the rigid construction provides a more substantial feel and helps protect premium skincare products during storage, handling, and transportation.

Elegant Gold Foil & Debossing — Sophisticated Brand Presentation

The aqua blue exterior combines white brand lettering with luxurious gold foil stamping and debossed diamond patterns. Decorative vintage borders and ornamental details add depth and visual texture, helping skincare and fragrance brands create a distinctive premium identity.

Matte Lamination Finish — Smooth & Refined Touch

The outer surface is finished with matte lamination, delivering a smooth, understated appearance while enhancing the overall presentation of the packaging. The combination of matte blue, white lettering, and gold foil creates an elegant balance between freshness and luxury.

White Flocked Blister Insert — Secure Two-Product Storage

The custom white flocked blister insert features two individual product compartments designed for skincare or fragrance bottles. The soft flocked surface enhances presentation, while the fitted compartments help keep products organized and reduce movement during shipping.

Custom Oval Shape & Dimensions — Unique Gift Packaging Design

The oval cylindrical structure offers a distinctive alternative to conventional square gift boxes. We support customized dimensions, colors, printing, logo placement, and finishing combinations to match different product sizes and brand identities.

Application Scenarios & Customer Needs

This oval rigid cylinder gift box is ideal for beauty brands looking for premium packaging that combines product protection, attractive presentation, and customized branding.

Application Scenarios	Customer Concerns	Our Manufacturing Solutions
Skincare Gift Sets	Need attractive packaging for two-piece skincare collections	Custom two-compartment flocked insert securely holds two skincare bottles
Fragrance Gift Sets	Need luxury packaging that reflects the value of premium fragrance products	Gold foil stamping, debossed patterns, and matte lamination create an upscale appearance
Essential Oil Collections	Need organized packaging to prevent bottles from moving or colliding	Individually designed insert compartments help keep bottles separated and stable
Aromatherapy Gift Sets	Need packaging that communicates relaxation, elegance, and premium quality	Aqua blue color, gold decorative details, and white flocked interior create a refined presentation
Holiday & Seasonal Gifts	Need distinctive gift packaging that attracts customers	Custom oval shape and decorative finishing help products stand out during seasonal promotions
Premium Personal Care Sets	Need durable packaging for high-value products	2mm rigid greyboard structure provides reliable support and a premium unboxing experience

How to Customize Your Oval Cylinder Gift Box

We offer a complete OEM and ODM packaging customization service, helping beauty and skincare brands turn their packaging concepts into finished products.

Customization Steps	Process Details	Customer Requirements
Step 1: Define Your Packaging Requirements	Confirm the oval box structure, product application, dimensions, and order quantity	Product dimensions, bottle sizes, and estimated order quantity
Step 2: Select Materials	Choose rigid greyboard thickness, outer wrapping paper, and interior materials	Material preferences and packaging requirements
Step 3: Customize Box Artwork	Develop the aqua blue background, brand lettering, decorative patterns, and logo placement	AI, PDF, CDR, or other editable artwork files
Step 4: Choose Surface Finishing	Confirm gold foil stamping, debossing, matte lamination, and other decorative effects	Preferred foil color, pattern details, and finishing requirements
Step 5: Design the Inner Insert	Create a custom white flocked blister insert with two compartments according to the product dimensions	Product samples, bottle drawings, or accurate product measurements
Step 6: Sample Production	Manufacture a physical sample to check dimensions, structure, insert fit, and finishing quality	Sample review and approval
Step 7: Mass Production	Arrange bulk production after artwork and sample confirmation	Final order quantity and production confirmation
Step 8: Quality Inspection & Shipping	Inspect finished boxes, check insert fitting, and arrange export packaging	Shipping destination and preferred shipping method

Packaging & Shipping Information

We provide flexible international shipping solutions for wholesale buyers, skincare brands, cosmetic manufacturers, and gift packaging distributors.

Packaging Method	Finished oval gift boxes packed in protective export-standard corrugated cartons
Product Protection	Appropriate protective packing helps prevent scratches, compression, and deformation
Shipping Methods	Sea Freight, Air Freight, Express Courier
Sea Freight	Suitable for large-volume orders and cost-effective international transportation
Air Freight	Suitable for urgent orders requiring faster delivery
Express Shipping	Ideal for samples and small-volume shipments
Main Export Markets	USA, Canada, UK, Germany, France, Italy, Australia, and Other International Markets
Shipping Cost	Calculated according to order quantity, carton size, gross weight, and destination
Delivery Schedule	Confirmed according to production completion and selected shipping method

Note: Shipping costs and transit times vary depending on the destination, order volume, and logistics provider.

Frequently Asked Questions (FAQ)

Q1: Can I customize the oval shape and dimensions of this gift box?

Yes. We specialize in custom oval rigid cylinder gift boxes. You can customize the length, width, height, lid depth, and overall dimensions according to your product requirements.

Q2: Can I change the aqua blue color and gold foil design?

Absolutely. Both the background color and decorative artwork can be customized. We support CMYK printing, Pantone colors, gold foil, silver foil, and other available decorative finishes.

Q3: What is the difference between gold foil stamping and debossing?

Gold foil stamping applies a metallic foil effect to selected areas, creating a shiny decorative appearance. Debossing presses the design into the paper surface, creating recessed patterns with a tactile effect. These two techniques can be combined to create more sophisticated packaging.

Q4: Can the flocked insert be customized for different bottle sizes?

Yes. The white flocked blister insert is custom-designed according to your actual product dimensions. We can adjust the compartment shape,

depth, and spacing to accommodate different skincare bottles, fragrance containers, or essential oil products.

Q5: Can I change the number of compartments in the insert?

Yes. Although this sample design features two compartments, the insert layout can be customized for one, two, or multiple products, depending on the box dimensions and product arrangement.

Q6: Is this oval gift box suitable for shipping skincare products?

Yes. The rigid greyboard structure and fitted inner insert help protect products against movement and everyday handling. For long-distance transportation, we also recommend suitable outer shipping cartons and additional protective packaging.

Q7: Is this packaging suitable for the European and US cosmetic markets?

The box can be customized to accommodate market-specific branding, product information, ingredient lists, barcodes, recycling symbols, and other required packaging information. Regulatory compliance depends on the product category, labeling content, and applicable market requirements. Final artwork should be reviewed by the brand owner or its compliance team.

Q8: Can I order a sample before placing a bulk order?

Yes. We recommend a pre-production sample to verify the oval structure, color, gold foil effect, debossing details, and flocked insert fitting before mass production.

Q9: What is the MOQ for custom oval cylinder gift boxes?

MOQ depends on the box dimensions, material specifications, printing requirements, and production complexity. Please send us your design and estimated quantity so we can provide an accurate quotation.

Q10: Do you provide OEM and ODM services?

Yes. We provide OEM and ODM services, including structural development, material selection, customized printing, decorative finishing, inner insert design, sampling, and bulk production.
