Product Description

350gsm White Card Soap Sponge Packaging Box Foldable Card Box with Gold Foil Stamping and Flower-Shaped Die-Cut Window

Product Description

This custom soap sponge packaging box is designed for scented bath sponges, shower accessories, and personal care gift sets. Made from durable 350gsm white card, it features a one-piece folding carton structure that ships flat to reduce storage and transportation costs. The box is easy to assemble without glue and can be customized with a hanging hole for retail display in supermarkets, beauty stores, and personal care shops.

The exterior features a fresh tropical hibiscus floral pattern, combining a light blue background with elegant silver-grey line details to create a relaxing island-inspired look. A distinctive flower-shaped die-cut window on the top adds visual appeal and allows customers to see the product or experience its fragrance. The front panel features a gold foil circular frame surrounding the brand name, fragrance information, usage details, product description, and net weight in English and French.

The lower blue section provides space for ingredients, brand website, contact information, country of origin, and barcode. The back panel continues the tropical floral design, with clearly organized product descriptions, usage instructions, icons, and warning information.

Finished with matte lamination and gold foil stamping, this custom printed soap sponge box combines attractive shelf presentation with a refined premium appearance. Custom sizes, floral artwork, Pantone colors, gold foil, embossing, and other finishing options are available to meet different branding and retail packaging requirements in the European and North American markets.

Key Features & Benefits

350gsm White Card — Durable & Lightweight Packaging

Made from 350gsm white card, this folding carton offers a good balance of rigidity, print quality, and lightweight construction. It helps maintain the box shape during handling, storage, and retail display while providing a smooth surface for detailed graphics and product information.

Flower-Shaped Die-Cut Window — Attractive Product Presentation

The distinctive flower-shaped cutout on the top panel adds a decorative element that complements the tropical floral artwork. It creates a recognizable packaging feature and can help attract shoppers' attention on retail shelves.

Gold Foil Stamping — Premium Brand Enhancement

The gold foil circular frame on the front panel creates an elegant focal point for the brand name and product information. Combined with matte lamination, it delivers a sophisticated contrast between the soft printed background and metallic details.

One-Piece Folding Structure — Easy Assembly & Cost Efficiency

The one-piece folding carton can be shipped and stored flat, helping reduce warehouse space and transportation costs. Its glue-free assembly makes packaging preparation convenient for brands, distributors, and fulfillment teams.

Custom Retail Display Design — Flexible Branding & Merchandising

The packaging can be customized with hanging holes, product windows, bilingual printing, barcodes, ingredients, and warning information. It is suitable for supermarkets, beauty retailers, bath and body stores, and promotional gift collections.

Packaging Applications & Customer Solutions

This custom printed soap sponge box is suitable for a variety of bath, body, and personal care products.

Application Scenario	Customer Concerns	Our Manufacturing Solutions
Scented Bath Sponge Packaging	How to make the product attractive and communicate its fragrance?	Tropical floral artwork, flower-shaped cutout, and customized fragrance information create an appealing presentation.
Supermarket Retail Packaging	How to improve shelf visibility and display convenience?	Optional hanging hole design allows the box to be displayed on retail hooks.
Bath & Body Gift Sets	How to create a premium appearance for gift products?	Gold foil stamping and matte lamination enhance the overall packaging appearance.
European & US Retail Markets	How to display product information clearly?	Customized English, French, or multilingual printing accommodates different market requirements.
Private Label Skincare & Bath Brands	How to maintain consistent brand identity?	Custom sizes, colors, logos, artwork, and finishing options support private label branding.
E-commerce & Distribution	How to reduce storage and shipping expenses?	Flat-pack construction helps minimize storage volume before assembly.

How to Customize Your Soap Sponge Packaging Box

Our custom packaging process is designed to make product development straightforward and efficient.

Step	Customization Process	What We Need From You
Step 1	Share Your Requirements	Provide product dimensions, quantity, packaging purpose, and preferred box style.
Step 2	Choose Materials & Structure	Confirm 350gsm white card, folding structure, hanging hole, and window design.
Step 3	Submit Your Artwork	Send your logo, floral artwork, product information, barcode, and printing files.
Step 4	Confirm Design & Quotation	We prepare the packaging layout and provide a quotation based on specifications and order quantity.
Step 5	Sample Production	Produce a physical sample for checking dimensions, printing colors, structure, and finishing.
Step 6	Mass Production	Start bulk manufacturing after sample and artwork approval.
Step 7	Quality Inspection & Delivery	Inspect finished boxes, pack them into export cartons, and arrange shipment.

Packaging & Shipping Information

Our folding carton packaging is designed to support efficient storage, transportation, and international distribution.

Shipping Condition	Flat-packed to save storage and shipping space
Assembly	Easy folding assembly without glue
Inner Packing	Protective plastic bags or customized inner packing
Outer Packing	Strong corrugated export cartons
Pallet Packing	Available upon request
Shipping Methods	Express, air freight, sea freight, or rail freight where available
Shipping Destination	USA, Canada, UK, Europe, Australia and worldwide
Sample Lead Time	To be confirmed according to design and sample requirements
Mass Production Lead Time	Confirmed according to order quantity and production schedule
MOQ	Customized according to product specifications and order requirements

Frequently Asked Questions (FAQ)

Q1: Can I customize the size of this soap sponge packaging box?

Yes. We offer fully customized box dimensions according to your soap sponge size. Simply provide the product length, width, height, and any special packaging requirements.

Q2: Can you print my brand logo and product information on the box?

Yes. We support full-color CMYK printing, Pantone spot colors, customized brand logos, product descriptions, ingredients, barcodes, and multilingual information.

Q3: Can the flower-shaped window be customized?

Yes. The die-cut window can be customized in different shapes and sizes according to your artwork and product presentation requirements.

Q4: Can you add a hanging hole for supermarket display?

Yes. We can customize hanging holes or other retail display structures to suit supermarket shelves and retail display hooks.

Q5: What is the advantage of 350gsm white card?

350gsm white card provides a smooth printing surface, good folding performance, and suitable rigidity for lightweight bath and personal care products. The final strength also depends on box dimensions and structural design.

Q6: Is the gold foil logo available in other colors?

Yes. Besides gold foil, we can provide silver foil, rose gold foil, holographic foil, embossing, and debossing to match your brand identity.

Q7: Can I receive a sample before placing a bulk order?

Yes. We recommend confirming a physical sample before mass production to check the box structure, dimensions, printing quality, and finishing effects.

Q8: Do you support small-batch and large-volume orders?

We provide customized production solutions for different order quantities. MOQ and unit prices depend on material selection, box dimensions, printing processes, and order volume.

Q9: Can you help check whether my packaging meets US and European requirements?

We can help arrange product information, ingredient declarations, barcode placement, warning text, and multilingual layouts based on your supplied requirements. Regulatory compliance should be verified according to the product category and destination market.
