Product Description

Hanging Foldable Carton for Bath Sponge , Red Hibiscus Custom Packaging Box

Product Description

This custom hanging foldable carton is specially designed for scented bath sponges, bath accessories, and personal care gift products. Made from durable 350gsm white card, it features a one-piece folding structure with glue-free assembly, allowing the boxes to be shipped and stored flat to reduce warehousing and transportation costs. The integrated flower-shaped hanging hole makes it ideal for supermarket shelves, beauty stores, and retail display racks.

The exterior features a vibrant tropical hibiscus floral pattern, combining warm red tones with delicate silver-grey lines to create a bright and inviting island-inspired appearance. A distinctive flower-shaped hanging hole on the top enhances the packaging design while providing convenient retail display functionality. The front panel features an elegant circular gold foil frame, highlighting the brand name, fragrance, number of uses, product benefits, and net weight in English and French.

The lower red section provides space for ingredients, brand website, contact details, country of origin, and barcode information. The back panel continues the tropical floral artwork with a solid red background, clearly displaying product descriptions, usage instructions, icons, and safety warnings.

Finished with matte lamination and decorative gold foil stamping, this custom printed bath sponge box offers a smooth, refined appearance with improved surface resistance to scratches and everyday wear.

We provide complete customization options, including box dimensions, floral patterns, Pantone colors, gold or other metallic foil stamping, embossing, and debossing. It is an attractive packaging solution for scented bath sponges, bath and body products, and personal care gift sets targeting the European and North American markets.

Key Features & Benefits

1. 350gsm White Card — Durable & Lightweight Construction

Manufactured from 350gsm white card, this folding carton offers a balance of structural rigidity and lightweight convenience. Its smooth surface supports high-quality CMYK and Pantone printing, helping reproduce detailed tropical floral patterns and brand graphics.

2. Flower-Shaped Hanging Hole — Eye-Catching Retail Display

The integrated flower-shaped hanging hole combines decorative design with practical functionality. It allows the packaging to hang directly on supermarket hooks and retail display racks, helping products gain better visibility and making shelf merchandising easier.

3. Red Hibiscus Floral Design — Vibrant Tropical Brand Identity

The warm red hibiscus flowers and silver-grey line details create a distinctive tropical appearance. This colorful design helps scented bath sponges stand out in the bath and body category while communicating a relaxing, holiday-inspired product experience.

4. Gold Foil Stamping & Matte Lamination — Premium Packaging Finish

The gold foil circular frame creates an elegant focal point for the front-panel branding and product information. Matte lamination provides a smooth, understated finish while improving resistance to surface scratches and daily handling.

5. Flat-Pack Folding Structure — Lower Storage & Shipping Costs

The one-piece folding design can be supplied flat-packed, reducing storage space and transportation volume. Its glue-free assembly makes packaging preparation simple and convenient for manufacturers, distributors, and retail fulfillment teams.

Frequently Asked Questions (FAQ)

Q1: Can I customize the dimensions of this hanging bath sponge box?

Yes. We offer fully customized dimensions according to your bath sponge size. You can provide the product measurements, and our team will help determine a suitable box structure.

Q2: Can the flower-shaped hanging hole be customized?

Yes. The hanging hole can be customized in different shapes and sizes, including flower-shaped, round, Euro slot, and other special die-cut designs.

Q3: Is the box supplied flat or pre-assembled?

The standard option is flat-packed to save storage and shipping costs. The one-piece folding structure is easy to assemble without glue.

Q4: Can I change the red hibiscus floral design?

Absolutely. We support fully customized artwork, including different flower patterns, background colors, brand illustrations, and Pantone color matching.

Q5: Can you print gold foil logos on the packaging?

Yes. We offer gold, silver, rose gold, and other foil stamping options. Embossing and debossing can also be added to create a more distinctive brand presentation.

Q6: Can you print English and French product information?

Yes. We support bilingual and multilingual printing. You can provide the product description, ingredients, usage instructions, warning information, and barcode for artwork preparation.

Q7: Is 350gsm white card strong enough for bath sponge packaging?

350gsm white card is suitable for many lightweight bath sponge products. The final material and structure can be adjusted according to the product weight, dimensions, and display requirements.

Q8: Can I order a sample before mass production?

Yes. We recommend a pre-production sample so you can check the box dimensions, hanging structure, printing colors, gold foil effect, and overall appearance before confirming bulk production.

Q9: Do you provide OEM and ODM packaging services?

Yes. We support custom packaging development from structural design and material selection to printing, finishing, sampling, and mass production.

Q10: Can this packaging meet European and US market requirements?

We can customize the artwork to accommodate market-specific information, including ingredients, product instructions, warnings, barcodes, and multilingual text. Final regulatory compliance should be confirmed according to the product category and applicable local regulations.
