

Custom Magnetic Gift Box Display Window Paper Divider Gold Foil Matte Lamination

Our Product Introduction

Basic Information

- Place of Origin: Guangdong, China
- Brand Name: OEM/ODM
- Certification: ISO 9001, FSC, Sedex
- Model Number: MB-WINE-001
- Minimum Order Quantity: 500 Pieces
- Price: USD 1.30-2.60 / Piece
- Packaging Details: Each box in poly bag, paper dividers flat-packed separately, 30-50 pcs per 5-layer export corrugated carton
- Delivery Time: 12-18 days after sample approval
- Payment Terms: T/T,L/C,PayPal,Western Union
- Supply Ability: 300000 Pieces per Month

Product Specification

- Box Structure: Rigid Book-shape Magnetic Box With Hinged Lid
- Material: 1200-1500gsm Greyboard + 157gsm Art Paper Wrap
- Surface Finish: Matte Lamination With Gold Foil Stamping
- Colour Scheme: Wine Red With Gold Accents, Pantone Matched
- Window: PET Transparent Display Window, Die-cut To Artwork
- Insert: Die-cut Paper Divider For Bottle, EVA Or Foam Optional
- Closure: Hidden Magnet Pair
- Printing: CMYK Offset + Pantone Spot Colours
- Box Size: Customized To Bottle Dimension
- Sample Time: 5-7 Working Days
- OEM/ODM: Supported
- Application: Wine, Spirits, Whisky, Skincare, Gift Sets

Product Description

Custom Magnetic Gift Box Display Window Paper Divider Gold Foil Matte Lamination

Product Overview

If you are sourcing a **luxury wine packaging box** that sells the bottle before the first pour, this rigid magnetic construction does the job. A die-cut PET window puts the label and glass on display, a die-cut paper divider locks the bottle neck in place, and a matte laminated wrap in wine red with gold foil stamping signals a premium shelf position. It is the same structure our clients use for whisky, gin, sparkling wine and gift-with-purchase sets.

Every box is built from 1200-1500gsm greyboard wrapped in 157gsm art paper, so the walls stay flat after months in a warehouse. Because the wrap is press-printed rather than labelled, brand colours stay consistent across reorders — a detail that matters when a **spirit bottle gift box** has to match a national retail rollout.

Need a different proportion, a two-bottle version, or a skincare configuration in the same family? Send your dimensions and we will return a dieline within 24 hours. Sizes are fully custom, from a 70mm miniatures box to a 400mm magnum presentation case.

Four Magnetic Box Structures We Build Most

The same magnetic platform can be configured four ways. Mix and match them in one purchase order — the tooling is shared, so the wholesale price per unit stays predictable.

Structure	Configuration	Best For
Magnet box with window for display	Die-cut PET window on lid or sleeve; window shape matched to the bottle label area	Retail shelves, duty-free counters, e-commerce listing photos
Magnet box with paper divider for bottles	Die-cut paperboard divider or bottle neck collar, fold-flat for freight	Single bottle wine, whisky, gin, olive oil, sparkling wine
Magnet gift box for skincare	Foam or paperboard insert with wells for jars, serum bottles and droppers	Skincare sets, gift-with-purchase kits, holiday bundles
Magnet box in matte lamination	Matte film wrap with optional gold foil, spot UV or embossing	Premium gifting, corporate VIP sets, limited editions

Product Features & Benefits

Feature	Specification	Customer Benefit
Rigid magnetic construction	1200-1500gsm greyboard, hidden magnet pair	Holds shape in transit and stays rigid on shelf for months
Transparent display window	PET window, 0.3mm, die-cut to your artwork	Buyers read the label without opening the box
Paper divider insert	Die-cut 350gsm paperboard, fold-flat	Stops bottle movement, cuts freight volume by up to 40%
Matte lamination finish	Matt film, scratch resistant, fingerprint resistant	Clean premium look that survives handling and stacking
Gold foil stamping	Hot stamping on logo, frame or border	Adds perceived value at low incremental cost
Wine red and gold palette	Pantone matched wrap printing	Consistent brand colour across every reorder
Full colour printing	CMYK plus Pantone spot colours	Photographic artwork reproduces accurately on press

Flat-packed delivery	Boxes ship unassembled with magnets pre-set	Lower storage cost and cheaper sea freight
Eco-conscious material options	FSC certified paper, recyclable greyboard, water-based glue	Supports retail sustainability requirements in EU and North America
OEM and ODM service	In-house structural design and sampling	One supplier from concept to container

Usage Scenarios: What Wine Buyers Ask About the Window Box

Wine and spirits packaging lives or dies on two things: label visibility and bottle safety. The table below maps the concerns our buyers raise most often against the way this structure answers them. It is written for **liquor bottle presentation box** projects, where the box usually doubles as a retail display unit.

Application Scenario	What the Buyer Worries About	How This Box Solves It
Premium wine retail shelf	The label and foil capsule are hidden, so the bottle looks anonymous next to competitors	The PET display window frames the label area, so the vintage, crest and capsule stay visible while the box still reads as a closed gift pack
Winery direct-to-consumer shipping	Glass breakage and label scuffing during parcel handling	Rigid greyboard walls plus a die-cut paper divider lock the bottle base and neck, keeping the bottle off the walls in transit
Duty-free and travel retail	Boxes collapse or scuff after repeated handling by shoppers	Matte lamination resists fingerprints and abrasion, and the magnetic flap re-closes cleanly after every inspection
Corporate and VIP gifting	The pack looks like a commodity carton, not a gift	Wine red wrap with gold foil stamping, ribbon pull and a printed inner lid turn the box into a keepsake
Holiday gift sets with glassware	Two or three components shift and knock together	A single die-cut paperboard insert with dedicated wells separates bottle, glasses and accessories
E-commerce product photography	Studio shots look flat without a physical pack	The window and matte finish photograph well under soft light, so one sample covers the whole campaign
Wine club subscription packs	Repeat orders must look identical month after month	Pantone-matched wrap printing keeps colour consistent across reorders and seasonal variants
Restaurant and hotel presentation	Staff need to open and re-close the pack quickly during service	Hidden magnets allow one-hand opening and silent closing, with no tape or tearing

Popular Applications

- Red, white and rosé wine single bottle gift boxes
- Whisky, bourbon, gin and rum presentation packaging
- Sparkling wine and champagne gift cartons with window
- Olive oil, vinegar and condiment bottle boxes
- Skincare and cosmetic gift sets from the same magnetic family
- Corporate VIP gift packs and press kits
- Duty-free and travel retail exclusive editions
- Custom rigid gift box with window for retail display

Product Details

Item	Specification
Product Name	Custom Wine Bottle Magnetic Gift Box Display Window Paper Divider Gold Foil Matte Lamination

Box Structure	Rigid book-shape magnetic box, hinged lid
Material	1200-1500gsm greyboard + 157gsm art paper wrap
Surface Finish	Matte lamination, optional gold foil stamping and spot UV
Colour Scheme	Wine red wrap with gold accents, Pantone matched
Window	PET transparent window, die-cut to artwork
Insert	Die-cut paper divider for bottle, foam or EVA optional
Closure	Hidden magnet pair, silent close
Printing	CMYK offset plus Pantone spot colours
Size	Fully custom to bottle dimension
Artwork Format	AI, PDF, PSD, EPS, CDR
Sample Time	5-7 working days
OEM / ODM	Supported, in-house structural design
Industrial Use	Wine, spirits, cosmetics, skincare, gift sets

Frequently Asked Questions (FAQ)

Q1: What is your minimum order quantity for a custom printed packaging box?

A: 500 pieces per design for rigid magnetic boxes. Below that we can still quote, but the tooling and set-up cost is spread over fewer units, so the unit price rises. Mixed structures in one order can share the same MOQ.

Q2: How much does one box cost?

A: Most wine gift boxes land between USD 0.85 and USD 2.60 per piece, depending on size, board thickness, insert complexity and finishing. Gold foil stamping, spot UV and custom window shapes are the usual cost drivers. Send dimensions and quantity for an exact figure.

Q3: Can I get a sample before placing the bulk order?

A: Yes. A plain white structural sample is free, you only cover freight. A printed sample with your artwork is charged at a sample fee, which is deducted from the bulk invoice once the order is confirmed.

Q4: What artwork files do you need?

A: Vector files are best: AI, PDF, EPS or CDR, with fonts outlined and images at 300dpi or above. If you only have a logo, our design team can build the print layout from it.

Q5: How long does production take?

A: 12-18 working days after artwork and sample approval for 500-3,000 pieces. Larger or heavily finished runs are scheduled case by case, and we confirm the exact date in the quotation.

Q6: Do you test the strength of the box?

A: Every batch is checked for board flatness, magnet pull, colour match and drop resistance. A pre-shipment inspection report with photos is issued before the cartons leave the factory, and third-party inspection is welcome.

Q7: Can the box be recycled?

A: The greyboard and paper wrap are recyclable, and we use water-based glue. The PET window and magnets need separating at the recycling stage, or we can supply a paper-only window film on request.

Q8: What are your payment terms?

A: 30% deposit with the balance against the pre-shipment inspection report. T/T, L/C at sight, PayPal and Western Union are all accepted.

Q9: Can you handle the shipping and customs documents?

A: Yes. We ship FOB, CIF or DDP and provide the packing list, commercial invoice and certificate of origin. Air, sea and express are quoted side by side so you can compare door-to-door cost.

Packaging & Shipping Information

Rigid boxes ship flat to keep freight cost down. Magnets are pre-set, inserts are nested separately, and every carton is labelled with the SKU and quantity.

Item	Detail
Inner Protection	Each box in a poly bag or tissue wrap, corners protected
Insert Packing	Paper dividers bundled separately, flat
Export Carton	5-layer corrugated export carton, 30-50 pcs per carton
Carton Marking	SKU, quantity, size and carton number printed on two sides
Sample Lead Time	5-7 working days
Mass Production	12-18 working days after sample approval
Air Freight	5-8 days port to port
Sea Freight	22-38 days port to port depending on destination
Express Courier	3-6 days door to door for samples and small runs
Inspection	100% inspection before packing, report with photos issued
Shipping Terms	FOB, CIF, DDP available worldwide

Custom Packaging Process: Inquiry to Delivery

Step	What Happens	What the Buyer Should Confirm
1. Inquiry	You send product type, bottle dimensions, quantity and target market	State bottle diameter, height and weight; mention any retail compliance rules
2. Consultation	We recommend structure, board thickness, insert type and finishing	Confirm the box opens the way your customer expects, lid or sleeve
3. Quotation	Itemised price with material, finishing, MOQ and lead time	Check whether tooling and sample fees are included or deducted later
4. Artwork	You send AI, PDF, PSD or EPS files; our pre-press team checks resolution and bleed	Outline fonts, keep 3mm bleed, and confirm Pantone numbers
5. Dieline and Mockup	We issue the dieline and a 3D mockup of your artwork on the structure	Approve window position and text placement before sampling
6. Sample Production	Physical sample built with your print and finishing	Check colour against your Pantone book, not a phone screen
7. Sample Approval	You sign off or request one revision round	Confirm magnet strength and insert fit with the actual bottle
8. Deposit and Scheduling	30% deposit received, production slot booked	Confirm the ship date and receive the production schedule
9. Mass Production	Printing, lamination, foil stamping, die-cutting and assembly	Ask for in-line production photos at the halfway point

10. Quality Inspection	Full inspection, packing list and pre-shipment report	Review the report and approve shipment release
11. Shipment	Booking, loading and document issue	Confirm consignee details and customs HS code
12. Delivery and After-Sales	Tracking shared until arrival; reorder file kept on record	Inspect cartons on arrival and report any damage within 7 days

Get your personalized size & artwork solution, send inquiry for free quotation & sample support

Tell us your bottle size and order quantity, and we will come back with a dieline, a realistic unit price and a sample plan. Whether you need one structure or a full gift set family, the same team handles design, tooling, production and export.
