Product Description

Custom Oval Rigid Gift Box, Floral Printing Hot Stamping Matte Box for Reed Diffuser Cosmetic Gift Packaging

Product Description

This custom oval rigid gift box is specially designed for premium reed diffuser sets, fragrance collections, and cosmetic gift packaging. Featuring a classic oval lid-and-base structure, it combines elegant floral artwork with luxurious finishing details to create an attractive and protective packaging solution for high-end beauty and fragrance products.

The box is constructed from 2mm rigid greyboard, wrapped with 157gsm coated paper on the box body and 200gsm coated paper on the lid top. Its sturdy construction provides excellent durability, helping protect fragile glass fragrance bottles and other delicate products from external pressure during storage and transportation.

The exterior features full-coverage peony floral printing, combining romantic rose-pink flowers with delicate botanical line illustrations. The lid top displays the brand logo, while the front panel presents the brand name, product collection, fragrance information, and product specifications in elegant bilingual English and French typography.

The box is printed with high-quality CMYK full-color printing to achieve rich colors and smooth tonal transitions. Matte lamination creates a refined, smooth surface while improving scratch and abrasion resistance. Gold foil stamping is applied to selected text and border details, adding a sophisticated metallic accent and enhancing the overall luxury appearance.

Inside, a custom-made white flocked insert features two round compartments in different sizes, designed to securely hold a reed diffuser glass bottle and its matching decorative flower accessory. The precisely fitted insert helps prevent movement, collisions, and potential damage during transportation while presenting the products beautifully when opened.

With its elegant oval shape, premium rigid construction, and customizable printing and finishing options, this luxury oval gift box is an excellent packaging choice for reed diffusers, fragrance gift sets, premium cosmetics, skincare collections, and boutique beauty products targeting the European and North American markets.

Key Features & Benefits

1. Premium 2mm Rigid Board Construction — Strong Protection for Delicate Products

Made from 2mm thick rigid greyboard, this oval gift box offers excellent structural strength and a solid, premium feel. The rigid construction helps protect fragile glass diffuser bottles and cosmetic products from pressure and impact during handling, storage, and shipping.

2. Elegant Oval Lid & Base Design — Distinctive Luxury Presentation

The oval shape creates a graceful alternative to conventional square gift boxes. Its classic two-piece lid-and-base structure allows smooth opening and closing while providing an elegant unboxing experience for premium fragrance and cosmetic gift collections.

3. Custom Floral CMYK Printing — Romantic and Eye-Catching Appearance

The full-coverage peony floral artwork features layered pink flowers and delicate botanical illustrations. High-quality CMYK printing delivers vibrant colors and smooth gradients, helping fragrance and beauty brands create distinctive packaging that communicates elegance and femininity.

4. Gold Foil Stamping & Matte Lamination — Refined Premium Finishing

Matte lamination provides a smooth, sophisticated surface with improved resistance to everyday scratches and abrasion. Gold foil stamping highlights selected text and decorative borders, creating an attractive contrast between the soft floral artwork and metallic details.

5. Custom White Flocked Insert — Secure Product Placement and Presentation

The integrated white flocked insert features two precisely designed round compartments for a reed diffuser bottle and its matching decorative flower accessory. The soft flocked surface adds a luxurious touch while helping keep each component securely positioned.

Application Scenarios & Customer Concerns

This custom oval rigid gift box is suitable for premium fragrance, beauty, and personal care brands looking for packaging that combines product protection with an attractive retail presentation.

Application Scenario	Customer Concerns	Our Manufacturing Solutions

Frequently Asked Questions (FAQ)

Q1: Can I customize the size and shape of this oval rigid gift box?

Yes. We specialize in custom rigid gift boxes. You can customize the oval dimensions, height, greyboard thickness, lid structure, and interior layout according to your product requirements.

Q2: Can you customize the floral printing and brand logo?

Yes. We support fully customized CMYK printing, Pantone colors, floral patterns, brand logos, product information, and bilingual packaging designs. You can provide your artwork files or reference images for production.

Q3: Can the white flocked insert be customized for different products?

Yes. The insert can be customized according to your product's dimensions and shape. We can design separate compartments for diffuser bottles, fragrance accessories, cosmetic products, and other gift-set components.

Q4: Is the 2mm rigid greyboard strong enough to protect glass diffuser bottles?

The 2mm rigid greyboard provides a sturdy outer structure, while the custom flocked insert helps secure the products inside. The final protection level depends on the product weight, dimensions, insert design, and shipping conditions. We recommend evaluating a physical sample before bulk production.

Q5: What printing and finishing options are available?

We offer CMYK printing, Pantone printing, matte lamination, gloss lamination, soft-touch lamination, gold foil stamping, silver foil stamping, embossing, debossing, and spot UV.

Q6: Can I order a sample before placing a bulk order?

Yes. We recommend ordering a pre-production sample to check the box dimensions, printing colors, foil stamping, opening structure, and insert fitting before approving mass production.

Q7: What is your MOQ for custom oval rigid gift boxes?

MOQ depends on the box dimensions, materials, printing requirements, finishing processes, and production setup. Please contact us with your specifications and estimated quantity so we can recommend a suitable order quantity.

Q8: How long does mass production take?

Production lead time depends on the box structure, order quantity, material availability, and finishing complexity. We will confirm the estimated

production schedule after reviewing your requirements.

Q9: Can you ship custom rigid gift boxes to the USA and Europe?

Yes. We support international shipping to the USA, Canada, Europe, the UK, Australia, and other markets. Express, air freight, and sea freight options are available depending on your order volume and delivery requirements.

Q10: Can you manufacture packaging according to my existing box sample?

Yes. You can send us an existing physical sample, technical drawing, or reference photos. Our team can evaluate the structure, materials, dimensions, and finishing details to develop a customized packaging solution.
