Product Description

Luxury Oval 3-in-1 Top & Bottom Box, Embossed Lattice Hot Foil Stamping Rigid Box for Cosmetic and Diffuser Gift Packaging

Product Description

This luxury oval 3-in-1 rigid gift box is specially designed for premium skincare collections, reed diffuser sets, and fragrance gift packaging. Featuring a distinctive three-piece lid-and-base structure, the box combines elegant detailing, durable construction, and a sophisticated unboxing experience for high-end beauty and personal care brands.

The box is constructed from 2mm thick rigid greyboard, wrapped with 157gsm coated paper on the body and 200gsm coated paper on the lid top. Its sturdy construction provides excellent structural strength and helps protect delicate cosmetic products and glass fragrance bottles during storage, handling, and transportation.

The exterior features a clean ivory-white finish with a delicate embossed diamond lattice pattern, creating a subtle textured appearance. The front panel is decorated with an elegant vintage-style gold foil frame, surrounding bilingual English and French product information, including the brand name, product collection, fragrance, and product specifications. Small gold foil decorative details on the bottom add an extra touch of refinement. The combination of warm white and metallic gold creates a timeless luxury aesthetic.

The entire exterior is finished with matte lamination, providing a smooth, soft-touch appearance with improved scratch and abrasion resistance. Hot foil stamping highlights the brand elements and decorative frame, adding a premium metallic effect that enhances brand recognition.

Inside, the box features a custom-made white flocked vacuum-formed insert with two round compartments in different sizes. The insert is designed to accommodate skincare products and matching accessories, holding each item securely in place to minimize movement and potential collisions during transportation. Its soft flocked surface also creates an elegant product presentation when the box is opened.

Unlike conventional two-piece rigid boxes, this packaging features a three-piece structure consisting of an outer lid, a bottom base, and an additional inner box. This layered construction creates a distinctive presentation and a more refined unboxing experience.

The box supports full customization of oval dimensions, artwork, colors, embossing, gold foil stamping, spot UV, and other decorative finishes. It is an excellent packaging solution for reed diffusers, luxury fragrance collections, premium skincare gift sets, and high-end cosmetic products targeting the European and North American markets.

Key Features & Benefits

1. Premium 2mm Rigid Greyboard — Strong and Reliable Product Protection

Made with 2mm thick rigid greyboard, this oval gift box offers excellent structural stability and a solid premium feel. The sturdy construction helps protect skincare products, glass diffuser bottles, and delicate accessories from external pressure during storage and transportation.

2. Unique 3-in-1 Rigid Box Structure — Enhanced Unboxing Experience

Featuring an outer lid, bottom base, and separate inner box, this three-piece construction creates a distinctive layered packaging design. It provides an elegant opening experience and helps brands differentiate their gift packaging from conventional rigid boxes.

3. Embossed Diamond Lattice Pattern — Elegant Textured Appearance

The ivory-white exterior is decorated with a delicate diamond lattice embossing pattern, creating subtle depth and texture without overwhelming the overall design. This refined surface detail enhances the visual appeal of the packaging and communicates understated luxury.

4. Gold Foil Stamping & Matte Lamination — Premium Brand Presentation

The vintage-inspired gold foil frame and decorative accents create an attractive contrast against the ivory-white background. Matte lamination adds a smooth, refined finish while helping improve surface durability and resistance to everyday scratches.

5. Custom White Flocked Insert — Secure Fit for Multiple Products

The custom white flocked vacuum-formed insert features two round compartments in different sizes, designed to hold skincare products and matching accessories. Its fitted structure helps prevent products from shifting during transportation while keeping the interior organized and visually appealing.

Application Scenarios & Customer Concerns

This luxury oval rigid gift box is suitable for beauty and fragrance brands that require distinctive packaging, reliable product protection, and a premium retail presentation.

Application Scenario	Customer Concerns	Our Manufacturing Solutions
Luxury Skincare Gift Sets	Packaging needs to reflect the premium positioning of skincare products.	Ivory-white wrapping paper, embossed lattice texture, and elegant gold foil details.
Reed Diffuser Gift Sets	Glass diffuser bottles and accessories need secure placement.	Custom white flocked insert with precisely designed round compartments.
Premium Fragrance Collections	Standard packaging may lack visual distinction and brand recognition.	Unique oval three-piece rigid structure with customized logo and decorative finishing.
Holiday & Special Occasion Gifts	Packaging should create an attractive and memorable unboxing experience.	Three-piece layered construction, vintage gold foil frame, and premium matte finish.
Boutique Beauty Products	Brands need packaging that communicates quality and exclusivity.	Custom embossing, hot foil stamping, personalized colors, and tailored artwork.
E-commerce Gift Packaging	Products need to remain stable during shipping.	Sturdy rigid greyboard combined with a fitted protective insert.

How to Customize Your Luxury Oval Rigid Gift Box

From initial design to final production, our team provides customized packaging support to help you develop a box that meets your product and branding requirements.

Customization Step	Process	What We Need From You
Step 1: Share Your Requirements	Discuss the intended application, box structure, design concept, and order quantity.	Product type, estimated quantity, and packaging preferences.
Step 2: Confirm Box Dimensions	Determine the oval box dimensions and internal space requirements.	Product length, width, height, and reference photos.
Step 3: Structural & Insert Design	Develop the three-piece rigid box structure and custom flocked insert layout.	Product arrangement and compartment requirements.
Step 4: Artwork & Finishing Design	Confirm the lattice embossing, gold foil details, logo placement, and exterior artwork.	Logo files, artwork, preferred colors, and finishing references.
Step 5: Sample Production	Produce a physical sample to evaluate structure, appearance, and product fitting.	Sample review and approval.
Step 6: Mass Production	Arrange bulk manufacturing after sample and specifications are approved.	Confirmed order quantity and final production details.
Step 7: Quality Inspection & Shipping	Inspect finished products, arrange protective export packaging, and coordinate shipment.	Shipping address and preferred delivery method.

Shipping & Logistics

We offer flexible international shipping solutions for custom oval rigid gift boxes, with careful packaging arrangements to protect their shape and decorative surfaces.

Logistics Item	Details
Product Packaging	Finished rigid boxes are carefully packed to minimize surface scratches and damage.
Inner Protection	Protective materials are used to reduce friction and movement during transportation.
Outer Cartons	Strong corrugated export cartons for bulk shipments.
Shipping Methods	Express courier, air freight, and sea freight.
Express Delivery	Suitable for samples and urgent small shipments.
Air Freight	Suitable for medium-sized orders requiring faster delivery.
Sea Freight	Economical option for large-volume orders.
Export Markets	USA, Canada, UK, Europe, Australia, and other international destinations.
Freight Calculation	Based on order quantity, carton dimensions, gross weight, and destination.
Delivery Arrangement	Shipping schedules and delivery options can be discussed according to your requirements.

Note: Production lead time and shipping schedules depend on order quantity, box complexity, material availability, and destination. Final details will be confirmed when quoting.

Frequently Asked Questions (FAQ)

Q1: What is a 3-in-1 rigid gift box?

A 3-in-1 rigid gift box is a packaging structure consisting of three separate components: an outer lid, a bottom base, and an additional inner box. This layered design creates a distinctive presentation and an enhanced unboxing experience for premium products.

Q2: Can I customize the oval dimensions of this gift box?

Yes. We offer fully customized oval rigid boxes. The length, width, height, and internal structure can all be adjusted according to your product dimensions and packaging requirements.

Q3: Can the embossed diamond lattice pattern be customized?

Yes. The embossed pattern can be customized according to your artwork or reference design. We can also develop other surface textures, including geometric patterns, floral textures, and brand-specific decorative elements.

Q4: What is the difference between embossing and hot foil stamping?

Embossing creates a raised texture on the paper surface, adding tactile depth and dimension. Hot foil stamping transfers metallic foil onto selected areas, creating a shiny gold or silver effect. Both techniques can be combined to create premium packaging.

Q5: Can you customize the flocked insert to fit my skincare or diffuser products?

Yes. We can customize the insert dimensions, compartment shapes, and layout according to your actual products. The white flocked surface provides a soft, elegant appearance and helps secure products inside the box.

Q6: Is the 2mm rigid greyboard suitable for luxury cosmetic packaging?

Yes. 2mm rigid greyboard offers good structural strength and dimensional stability, making it a popular material for premium cosmetic, skincare, and fragrance gift boxes.

Q7: Can I change the gold foil stamping to silver or another color?

Yes. Gold, silver, rose gold, and other available foil colors can be selected according to your brand identity. We can also combine different decorative techniques to achieve your preferred appearance.

Q8: Can I receive a physical sample before placing a bulk order?

Yes. We recommend producing a pre-production sample to check the box dimensions, three-piece structure, embossing effect, foil stamping, and insert fitting before approving mass production.

Q9: What is the MOQ for custom oval rigid gift boxes?

MOQ depends on the box size, structure, material selection, finishing requirements, and production process. Please share your estimated order quantity so we can evaluate the project and provide a suitable quotation.

Q10: Can you ship these rigid gift boxes to the USA and European countries?

Yes. We support international shipping to the USA, Canada, the UK, Germany, France, and other European markets, as well as Australia and additional destinations. Express, air freight, and sea freight options are available.
