Product Description

Luxury Egg Shape Interlocking Cosmetic Box , Embossed & Pink Gold Hot Stamping Logo , Floral Gift Box with Black Ribbon Bow for Beauty Set

Product Description

This luxury egg-shaped interlocking cosmetic box is specially designed for premium skincare, beauty, and fragrance gift sets. Made from 2mm thickness rigid greyboard wrapped in custom-printed 157gsm coated paper, this uniquely shaped gift box features sturdy construction, an elegant appearance, and a distinctive unboxing experience.

The box is decorated with a romantic floral pattern featuring layered pink and purple roses complemented by delicate white blossoms. Full-color CMYK printing creates rich colors and detailed floral artwork, while matte lamination adds a smooth, elegant finish and helps protect the printed surface against scratches and everyday wear.

One of its most distinctive features is the innovative wavy interlocking closure. The specially designed zigzag edges allow the lid and base to fit together securely, creating an attractive and unusual opening experience. Black matte ribbons are pre-attached to both sides of the box and can be tied into a decorative bow, providing additional closure security while enhancing its premium gift presentation.

At the bottom of the box, the MiiN brand logo is finished with pink gold hot stamping and embossing, creating a refined metallic shine and raised texture. The interior features a clean white compartment, with optional custom EVA or velvet inserts available to securely hold creams, serums, perfumes, and other beauty products.

Unlike conventional square or round packaging, this distinctive egg-shaped gift box offers strong visual appeal and seasonal versatility, making it an excellent choice for Easter collections, limited-edition beauty launches, holiday gifts, and premium cosmetic gift sets.

As a professional custom paper packaging manufacturer, we offer flexible customization options for box dimensions, shapes, artwork, colors, logo finishes, and interior inserts to help beauty brands create distinctive retail and gift packaging for the US and European markets.

Key Features & Benefits

1. Unique Egg-Shaped Design — Stand Out from Conventional Gift Packaging

The distinctive egg-shaped structure creates an eye-catching appearance that differentiates your products from ordinary square and rectangular cosmetic boxes. It is particularly suitable for Easter gift collections, seasonal beauty promotions, and limited-edition skincare sets.

2. Innovative Wavy Interlocking Closure — Secure & Memorable Unboxing

The specially designed zigzag interlocking edges allow the lid and base to fit together securely. This creative closure structure adds visual interest while providing a distinctive opening experience for customers.

3. Pink Gold Foil & Embossed Logo — Premium Brand Presentation

The combination of pink gold hot stamping and embossing creates a metallic finish with a raised tactile effect. It enhances logo visibility and gives the packaging a sophisticated, high-end appearance.

4. Custom Floral Artwork & Matte Lamination — Elegant Visual Appeal

Full-color CMYK printing reproduces the romantic rose artwork with rich colors and delicate details. Matte lamination provides a smooth surface while helping protect the printed graphics from scratches and wear.

5. Decorative Black Ribbon Bow — Elegant & Functional Closure

Pre-attached black matte ribbons can be tied into a beautiful bow to help secure the lid. The contrasting black ribbon complements the pink floral artwork and adds an extra touch of luxury to the gift presentation.
