Custom Luxury Book Shaped Biscuit Gift Box with Magnetic Closure

Product Description

This custom luxury book-shaped biscuit packaging box is designed for premium cookies, handmade biscuits, pastries, and assorted snack gift sets. Featuring a hardcover book-style structure with a magnetic flip closure, this rigid gift box combines elegant presentation, reliable construction, and convenient portability. The smooth magnetic closure provides a refined unboxing experience while keeping the contents securely enclosed.

The outer shell is made from 2mm thick rigid greyboard wrapped in 120gsm beige specialty paper, creating a soft, warm, and sophisticated appearance. Four circular display windows are incorporated into the front cover, allowing customers to see the biscuits inside without opening the box. Each window is decorated with delicate gold foil dotted borders, while elegant gold foil star patterns at the four corners add a subtle decorative touch. The brand logo and lettering are hot stamped in the center of the cover to enhance brand recognition. A matching leather handle is securely attached to the box, making it easy to carry and ideal for premium gifting.

The luxury cookie gift box inner box is also constructed from 2mm rigid greyboard, wrapped in 120gsm gold cardstock and finished with matte lamination. The understated metallic gold interior creates a luxurious contrast with the beige exterior while improving surface durability. A custom yellow flocked blister tray is placed inside, featuring neatly arranged compartments to hold individual cookies and biscuits securely, helping reduce movement, impact, and breakage during transportation.

With its elegant beige and gold color combination, magnetic book-style opening, transparent display windows, and matching leather handle, this custom biscuit gift box offers an excellent packaging solution for luxury bakeries, handmade cookie brands, hotel souvenirs, festive gifts, and premium confectionery collections.

Custom box sizes, paper colors, window designs, gold foil artwork, and insert structures are available to meet your product and branding requirements.
