Product Description

High-end Black Gold Rigid Gift Box with Hot Stamping and Custom EVA Foam Tray

Product Description

This high-end black and gold rigid gift box features a double-door magnetic closure design, combining elegant presentation with reliable product protection. Made from 1500gsm rigid greyboard wrapped in premium black specialty paper, the box features gold paper lining along the inner edges, creating a sophisticated contrast and a luxurious unboxing experience.

The exterior showcases exquisite gold foil stamping, including a delicate butterfly line-art pattern, elegant tulip illustrations, and the brand name **GILDED TULIP** with the tagline "Eternal Elegance." A custom tulip-shaped PET window on the lid offers a subtle glimpse of the products inside, adding visual appeal while enhancing the overall presentation.

Designed with a book-style double-door opening and built-in magnetic closures, this rigid box opens smoothly and securely. Inside, a custom white EVA foam insert is covered with printed white paper and precision-cut to accommodate tulip-shaped and butterfly-shaped products or decorative items. The snug-fitting compartments keep each item securely in place, minimizing movement and reducing the risk of scratches or impact damage during transportation.

With its elegant black-and-gold color combination, premium foil detailing, and customized protective insert, this luxury rigid gift box is ideal for fragrance collections, premium beauty gift sets, decorative collectibles, and high-end promotional packaging.

Key Features & Benefits

1. Premium 1500gsm Rigid Greyboard — Strong Structure & Luxury Feel

Constructed from 1500gsm rigid greyboard, this luxury gift box offers excellent structural strength and durability. The thick board maintains its shape while providing a solid, substantial feel that enhances the perceived value of the packaged products.

2. Elegant Gold Foil Stamping — Sophisticated Brand Presentation

The black specialty paper exterior is enhanced with gold foil-stamped butterfly and tulip artwork, along with custom brand lettering. The metallic gold details create a striking contrast against the black background, helping premium products stand out on retail shelves and during gift presentations.

3. Double-Door Magnetic Closure — Premium Unboxing Experience

The book-style double-door structure features built-in magnets for smooth opening and secure closing. Its symmetrical opening design creates an elegant reveal, making it especially suitable for luxury gift sets, fragrance collections, and limited-edition product packaging.

4. Custom EVA Foam Insert — Precision-Fit Product Protection

The integrated white EVA foam tray features precision-cut compartments tailored to the shape of the products. The surface is covered with printed white paper, providing a clean and refined interior finish while securely holding individual items in position during shipping and handling.

5. Custom Tulip-Shaped PET Window — Attractive Product Display

The specially designed tulip-shaped PET window allows customers to partially view the contents without fully opening the box. This creative window design complements the floral branding theme and adds an extra layer of visual interest to the packaging.

Frequently Asked Questions (FAQ)

Q1: Can I customize the size of this black and gold rigid gift box?

Yes. We offer fully customized dimensions based on your product size. You can provide product measurements, photos, or physical samples so our team can recommend a suitable box structure.

Q2: Can I replace the gold foil logo with my own brand logo?

Absolutely. We support custom logos, brand names, slogans, and decorative artwork. Available finishing options include gold foil stamping, silver foil stamping, embossing, debossing, and spot UV.

Q3: Can the EVA foam insert be customized for different products?

Yes. We can customize the EVA foam insert according to the exact dimensions and shapes of your products. Different cavities can be designed for perfume bottles, skincare containers, decorative items, and accessories.

Q4: Can I change the tulip-shaped PET window to another shape?

Yes. The PET window can be customized into different shapes, sizes, and positions according to your packaging artwork and brand concept.

Q5: Is this rigid gift box suitable for international shipping?

Yes. The thick greyboard structure and custom EVA foam insert provide good structural support and product positioning. We also recommend appropriate outer carton protection based on the product's weight, fragility, and shipping method.

Q6: Can I order a sample before placing a bulk order?

Yes. We recommend ordering a pre-production sample to check the box dimensions, magnetic closure, foil stamping, PET window, and EVA insert fit before mass production.

Q7: What is your MOQ for custom rigid gift boxes?

MOQ depends on the box size, materials, printing requirements, and production process. Please contact us with your specifications and estimated quantity so we can provide a suitable quotation.

Q8: How long does custom rigid gift box production take?

Production time depends on the box structure, finishing complexity, and order quantity. Sample production and mass production schedules will

be confirmed after reviewing your design and requirements.

Q9: Can you provide OEM and ODM packaging services?

Yes. We support OEM and ODM services, including structural design, material selection, artwork customization, logo finishing, EVA insert development, sampling, and mass production.
