Product Description

Custom Window Tuck Top Box, 350g White Cardboard, Matte Lamination for Bath Sponge

Product Description

This custom window tuck top box is specially designed for bath sponges, bath accessories, and personal care products. Featuring a one-piece folding structure with a tuck-top closure and an integrated bottom, the box requires no glue during assembly and can be shipped flat to save storage space and transportation costs. A round display window on the side allows customers to see the product inside, making it ideal for retail shelf displays and hanging merchandising.

Made from durable 350gsm white cardboard, this folding carton features a clean white interior and a soft light-yellow exterior. The full-color CMYK artwork showcases charming floral illustrations of daisies, tulips, and green grass, creating a fresh and relaxing natural look. A matte lamination finish provides a smooth surface while improving resistance to everyday scratches and scuffs.

The packaging also accommodates bilingual English and French product information, including brand name, product range, fragrance, directions for use, net contents, ingredients, barcode, and country of origin. Additional product claims such as biodegradable, eco-friendly, and dermatologically tested help communicate product benefits to consumers.

As a professional custom paper packaging manufacturer, we offer customized sizes, window shapes, artwork, printing, and premium finishing options to meet different bath sponge and personal care packaging requirements.

Key Features & Benefits

1. 350gsm White Cardboard — Sturdy and Reliable Product Packaging

Made from 350gsm white cardboard, this folding carton offers a good balance of strength, flexibility, and print quality. The sturdy paperboard construction helps maintain the box shape while protecting bath sponges and personal care products during storage, transportation, and retail display.

2. Round Display Window — Showcase Products Directly

The integrated round window on the side provides a clear view of the bath sponge inside without opening the packaging. This allows customers to see the product's color, texture, and appearance, making the carton more attractive for supermarket shelves and retail displays.

3. One-Piece Folding Structure — Flat-Pack Shipping and Easy Assembly

Designed with an integrated tuck-top and folding bottom structure, this carton can be shipped and stored flat before use. Its one-piece construction requires no separate components or glue during assembly, helping reduce packaging labor, warehouse space, and shipping costs.

4. Floral CMYK Printing — Fresh and Attractive Retail Appearance

The soft yellow background, combined with daisy, tulip, and grass illustrations, creates a natural and refreshing visual identity. Full-color CMYK printing reproduces detailed graphics, brand elements, and product information with attractive color consistency.

5. Matte Lamination — Smooth Surface and Enhanced Durability

The matte laminated finish gives the packaging a refined, non-glossy appearance while helping protect printed graphics against everyday scuffs, scratches, and handling marks. Custom finishing options such as spot UV, hot foil stamping, and embossing are also available.

Application Scenarios & Customer Solutions

Application Scenario	Customer Concern	Our Packaging Solution
Bath Sponge Packaging	Customers want to see the actual sponge before purchasing	Round side window provides direct product visibility
Supermarket Retail Packaging	Packaging needs to attract attention on crowded shelves	Fresh floral artwork and soft yellow colors create an appealing retail appearance
Hanging Display Packaging	Need packaging suitable for retail hooks	Custom hanging holes or display features can be incorporated
Bath & Body Gift Products	Need attractive packaging for personal care products	Full-color CMYK printing and matte lamination enhance presentation
Eco-Friendly Personal Care Brands	Want packaging that supports a natural brand image	Paperboard construction and customizable sustainable material options
UK & European Markets	Need multilingual product information	English and French printing available for ingredients, directions, barcodes, and other product details

Customization Process

We provide complete OEM and ODM paper packaging services, helping brands create custom folding cartons that match their products and brand identity.

Step	Customization Stage	Details
Step 1	Share Your Requirements	Provide product dimensions, packaging quantity, and reference pictures
Step 2	Confirm Box Structure	Select the box dimensions, tuck-top style, bottom structure, and window shape
Step 3	Artwork Design	Submit your logo, product graphics, colors, and bilingual packaging information
Step 4	Material & Finishing Selection	Confirm cardboard thickness, matte lamination, foil stamping, or other finishing options
Step 5	Sample Production	Produce a physical sample to check dimensions, structure, window position, and print quality
Step 6	Sample Approval	Review and approve the sample before mass production
Step 7	Bulk Production	Manufacture the cartons with quality control throughout production
Step 8	Inspection & Shipment	Complete final inspection, export packing, and international shipping

Packaging & Shipping

Our folding cartons are designed for efficient storage and transportation. The flat-pack structure helps reduce shipping volume, making it a practical solution for international wholesale orders.

Packaging Method	Flat-packed in export-standard corrugated cartons
Carton Protection	Protective outer cartons to minimize damage during transportation
Shipping Methods	Sea Freight, Air Freight, Express Courier
Shipping Destinations	USA, UK, Europe, Canada, Australia, and Worldwide
Shipping Cost	Based on order quantity, carton dimensions, weight, and destination
Production Lead Time	Confirmed according to order quantity and customization requirements
Sample Shipping	Express courier available for sample orders
Bulk Order Shipping	Sea freight recommended for large-volume orders

Shipping Recommendations

Sea Freight: Cost-effective for large-volume wholesale orders.

Air Freight: Suitable for urgent orders requiring shorter transit times.

Express Courier: Ideal for samples and small quantities.

Frequently Asked Questions (FAQ)

Q1: Can I customize the dimensions of this bath sponge packaging box?

Yes. We offer fully customized box dimensions according to your bath sponge size and packaging requirements. Simply provide the product length, width, and height, and our team can recommend a suitable carton structure.

Q2: Can the round display window be customized?

Yes. The window can be customized in different shapes, sizes, and positions. We can also add a transparent PET window film if your product requires additional protection from dust and handling.

Q3: Is this folding carton shipped flat?

Yes. The one-piece folding structure can be shipped flat, helping reduce storage space and international transportation costs. It can be quickly assembled when needed.

Q4: Do I need glue to assemble this tuck top box?

The integrated folding structure is designed for convenient assembly without requiring additional glue during normal box setup.

Q5: Can you print English and French product information on the packaging?

Yes. We support multilingual packaging printing, including English, French, German, Spanish, and other languages. You can provide your final artwork and product information for printing.

Q6: Can I use my own brand artwork and logo?

Absolutely. We provide OEM and ODM customization services. You can submit your brand logo, illustrations, product information, and preferred colors to create exclusive packaging.

Q7: Can you provide eco-friendly packaging materials?

Yes. We can discuss recyclable paperboard, FSC-certified paper options (subject to availability and certification requirements), and other material choices according to your sustainability goals. Please note that environmental claims should be verified against the actual materials and applicable regulations.

Q8: What is the MOQ for custom window folding cartons?

MOQ depends on the box dimensions, paper material, printing requirements, and production method. Contact us with your specifications to receive a suitable quotation.

Q9: Can I order a sample before placing a bulk order?

Yes. We recommend producing a pre-production sample to check the box dimensions, window design, printing colors, and finishing effects before approving mass production.

Q10: Do you ship custom packaging to the USA and Europe?

Yes. We support international orders and can arrange shipping to the USA, UK, Germany, France, Italy, and other European and global markets.

Get a Custom Quote for Your Bath Sponge Packaging

Looking for attractive and cost-effective custom packaging for bath sponges, bath accessories, or personal care products?

Our factory specializes in custom folding cartons and printed paper packaging, offering flexible structures, high-quality CMYK printing, display windows, and professional surface finishing.
