Product Description

Custom 2-Piece Lid & Base Box, White Kraft Wrapped Rigid Box for Electronics Packaging

Product Description

This custom 2-piece lid and base rigid box is designed for electronics packaging, including headphones, earphones, digital accessories, and other small electronic products. Made from 2mm white rigid greyboard wrapped in 120gsm white kraft paper, the box offers a sturdy structure, a smooth surface, and cost-effective machine production for bulk orders.

Featuring a classic two-piece construction with a separate lid and base, the box provides a smooth opening and closing experience. The clean white exterior is enhanced with a gold foil-stamped JVC logo, creating a simple yet professional brand presentation. The interior is left unlined without an insert, allowing buyers to add custom-fit cardboard, EVA, foam, or molded pulp inserts according to their product requirements.

With customizable dimensions, printing, gold foil stamping, and embossing, this white rigid gift box is an ideal packaging solution for consumer electronics brands looking for practical, attractive, and cost-efficient custom packaging.

Key Features & Benefits

2mm Rigid Greyboard Structure — Reliable Protection for Electronics

Constructed from 2mm white rigid greyboard, this two-piece lid and base box offers excellent structural stability and helps protect headphones, earphones, and small electronic accessories during storage, handling, and retail display.

White Kraft Paper Wrapping — Clean and Minimalist Appearance

Wrapped in 120gsm white kraft paper, the box features a smooth, neat, and understated exterior. Its minimalist white finish provides a versatile background for different brand identities and product packaging designs.

Gold Foil Stamped Logo — Premium Brand Presentation

The top lid features a gold foil-stamped JVC logo, adding a refined metallic accent to the simple white surface. Custom logos can be created through hot foil stamping, embossing, debossing, or custom printing.

Two-Piece Lid and Base Design — Easy Opening and Closing

The separate lid and base construction provides a classic rigid box structure with a smooth opening and closing experience. Its sturdy shape maintains a neat appearance and enhances the unboxing experience.

Machine-Made Production — Cost-Effective for Bulk Orders

Machine production ensures consistent box dimensions and appearance while improving manufacturing efficiency. This structure is suitable for medium- to large-volume orders requiring reliable quality and competitive unit costs.

Application Scenarios & Customer Solutions

Application Scenario	Customer Concern	Our Packaging Solution
Headphone Packaging	Need sturdy packaging to protect headphones	2mm rigid greyboard provides a strong and stable outer structure
Earphone Packaging	Want compact, attractive retail packaging	Custom dimensions and minimalist white wrapping create a clean presentation
Digital Accessories	Need flexible internal packaging arrangements	Unlined interior allows customized inserts to be added
Consumer Electronics Gift Sets	Want premium-looking branded packaging	Gold foil stamping and optional embossing enhance brand presentation
Electronic Product Launches	Need consistent packaging for bulk production	Machine-made production ensures efficient manufacturing and consistent quality

Customization Process

Step	Customization Process	Details
Step 1	Share Your Requirements	Provide product dimensions, box quantity, packaging preferences, and reference images
Step 2	Confirm Box Structure	Select the box dimensions, lid depth, base height, and optional insert structure
Step 3	Artwork & Logo Design	Submit your logo and artwork for printing, foil stamping, or embossing
Step 4	Sample Production	Produce a physical sample for checking box dimensions, materials, structure, and finishing
Step 5	Sample Approval	Confirm the sample before proceeding with mass production
Step 6	Bulk Manufacturing	Manufacture the approved boxes with consistent quality control
Step 7	Quality Inspection & Delivery	Inspect finished products, pack securely, and arrange shipment

Packaging & Shipping

Item	Details
Packaging Method	Export-standard corrugated cartons
Box Protection	Protective carton packaging to reduce damage during transportation
Shipping Options	Sea Freight, Air Freight, Express Courier
Shipping Destination	USA, UK, Europe, Canada, Australia, and Worldwide
Shipping Cost	Calculated according to order quantity, carton dimensions, weight, and destination
Lead Time	Confirmed according to order quantity and production schedule
Bulk Order Support	Suitable for wholesale and OEM/ODM packaging projects

Shipping Recommendations

Sea freight: Suitable for large-volume orders with flexible delivery schedules.

Air freight: Ideal for urgent orders requiring faster delivery.

Express shipping: Recommended for samples and small shipments.

Frequently Asked Questions (FAQ)

Q1: Can I customize the size of this 2-piece rigid box?

Yes. We offer fully customized box dimensions according to your product size and packaging requirements. Please provide your product measurements so we can recommend a suitable box structure.

Q2: Can I add an insert inside the box?

Yes. Although the standard design has no insert, we can customize EVA foam, sponge, cardboard, or molded pulp inserts to securely hold headphones, earphones, and other electronic accessories.

Q3: Can you print our company logo on the box?

Absolutely. We support custom logo printing, gold or silver foil stamping, embossing, and debossing to help create branded electronics packaging.

Q4: Is this rigid box suitable for bulk production?

Yes. The machine-made structure is suitable for bulk orders, offering consistent dimensions, neat finishing, and efficient production.

Q5: Can I request a physical sample before placing a bulk order?

Yes. We recommend approving a physical sample before mass production to verify the box size, material, logo position, and finishing effects.

Q6: What is your MOQ for custom rigid boxes?

MOQ depends on the box size, material, finishing requirements, and production method. Contact us with your specifications to receive a suitable quotation.

Q7: Can you ship custom rigid boxes to the USA and Europe?

Yes. We provide international shipping to the USA, UK, European countries, Canada, Australia, and other global markets. Shipping methods can be selected according to your budget and delivery schedule.

Q8: Can I customize the white kraft paper with other colors or finishes?

Yes. We can customize the outer wrapping paper with different colors, printed patterns, foil stamping, embossing, and other finishing options to match your brand identity.

Get a Custom Quote for Your Electronics Packaging

Looking for a reliable manufacturer of custom rigid boxes for headphones, earphones, or electronic accessories? We specialize in custom paper packaging manufacturing, offering flexible box structures, premium materials, logo finishing, and customized insert solutions.

Whether you need minimalist white rigid boxes or fully branded electronics gift packaging, we can help turn your packaging ideas into finished products.
